

BerniePortal

February 2022 Release Notes

Three areas of improvement:

1 Applicant Tracking Custom Emails

- Employers now have the option to create custom messaging that a candidate receives after they apply to a job via BerniePortal.

2 Applicant Tracking Questions Library

- We've added a new tertiary nav item called "Question Library" within the Applicant Tracking feature
- Within the "Question Library," employers can create a library of application questions that can be used during the creation of a new job post.

3 Update Allowing Employees to Enroll in Prior Offer Plans

- We've added the ability for employees to enroll in Prior Offer plans, in addition to Current Offer plans.
