# Get The Biggest Bang For Your Buck on your A/R Transformation Project

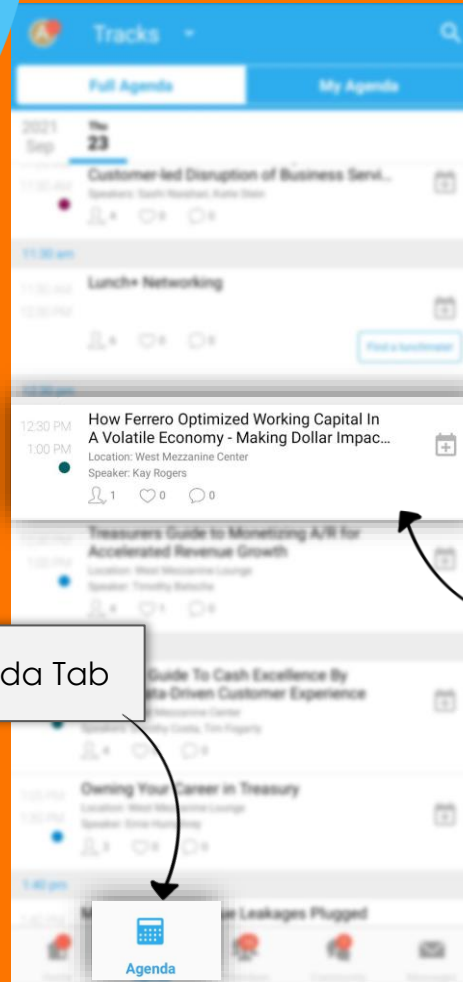

**George Uko**

Manager, Credit and Collections

# About Us

*We're committed to helping you find the best solution for all of your branded merchandise needs.*

***Established in 1946***

***HQ - Overland Park, Kansas City, US***

***75 marketplaces worldwide***

We're the **global leader in branded merchandise**, with unmatched service and thousands of products to choose from.

*No matter what you need, we have the right item for you.*

# Collections Automation at Staples: Why We Did It

## The Management's Plan

*Achieve Similar ROI  
with an Automation  
Solution*

## The CFO's Agenda

*Reduction of  
Bad Debt by  
**20%***

*Collections  
Automation*

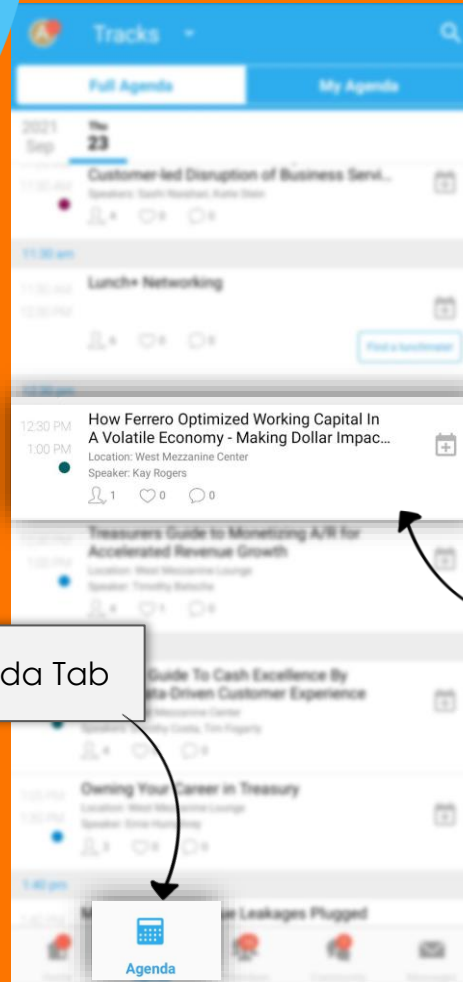

## POLL QUESTION

**Are you currently undergoing a digital transformation project within your A/R department?**

1. Yes
2. No
3. We are planning to start

# How Can I Register My Vote Through the *Ukova* App?

1

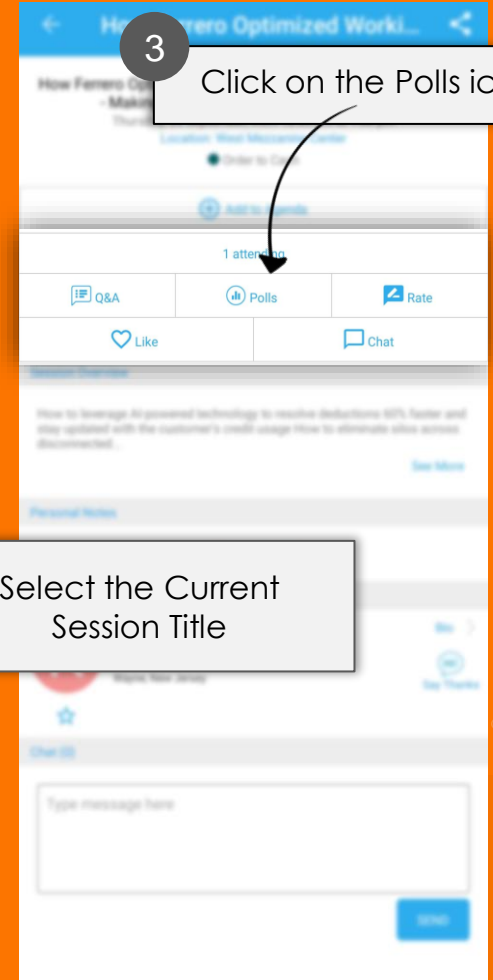

Select the Agenda Tab

2

Select the Current Session Title

3

Click on the Polls icon

# We Had Two Big Questions

*In order to ensure maximum ROI from our transformation project, we needed to define our goals clearly by answering the following questions*

**How would we know if  
our transformation  
project is successful?**

**What if our digital  
transformation  
project failed?**

# How Would We Know If Our Transformation Project Is Successful

1

Monitor post go-live success indicators in real-time

2

Benchmark ROI against industry leaders

# What If Our Digital Transformation Project Failed

As per Forbes, **84%** of Digital Transformation Projects end in failure.

| We did not want to be one of them |

---

## “Poor-end user adoption”

Is the most common reason for the failure of transformation projects

# The Main Causes Of Poor End User Adoption

1

**Your team is  
unable to use  
the solution**

2

**Your team is  
resistant to  
change**

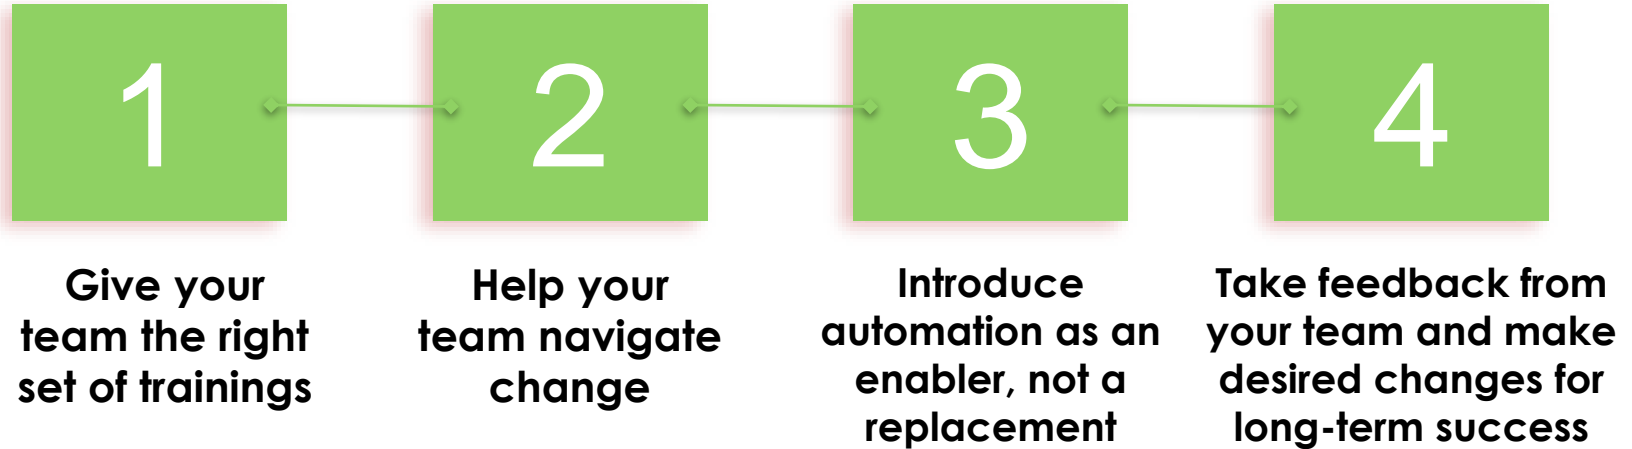

3

**Your team is  
afraid of losing  
their job**

4

**Your solution is  
not doing what  
your team  
wants it to do**

# What You Can Do To Address These Challenges

# Give Your Team The Right Training

With the **right training** given, more than **77%** of companies can have **better user adoption** during transformation

1

Partner with your solution provider to give the team a detailed understanding of every feature

2

Appoint a program manager to keep trainings on schedule

3

Ensure that majority of your team's queries are resolved in the hypercare period for long-term success

# Help Your Team Navigate Change

*62% of respondents in a survey are uncomfortable leaving their comfort zone and work with a new technology*

1

Help your team understand how the automation solution will solve their challenges

2

Make them analyze and compare the new system to the old one to understand the pros and cons of both

3

Build a culture where everyone is more adaptive to change

# Introduce Automation as an Enabler, Not a Replacement

*It's not humans vs machines, it is humans + machines*

1

Explain to your teams how they can focus on more strategic tasks, as automation takes over manual, repetitive processes

2

Define new success indicators for your teams based on these advanced goals

3

Reallocate resources to departments which require more human intervention

# Make Changes for Long-Term Success

*Explore solution capabilities to drive ROI*

1

Take continuous feedback from the team

2

Engage them in conversations around how to improve the solution

3

Work with your vendor to include custom features that your team requires
