

DRILLING PUMP PISTONS

DRILLING EXPENDABLES MANUFACTURED WITH FIELD-PROVEN TECHNOLOGY

Like all of our products, GD Energy Products Redline pistons are designed for superior performance and reliability. By leveraging our frac consumables manufacturing expertise, our flex-lip piston design has been engineered to withstand the demands of today's high-pressure/ high-temperature drilling conditions.

Manufactured in the USA, GD Energy Products Redline pistons feature a proprietary, abrasion-resistant urethane that is compatible with oil and water-based drilling fluids. Along with this chemical compatibility, our urethane is rated for temperatures up to 300°F and pressures up to 7500 psi.

Our full-line of drilling pump consumables serve as the perfect complement to our performance-proven drilling pumps. With our "ready inventory" promise, our Redline drilling pump consumable products are readily available and offer unparalleled quality and reliability.

FEATURES & BENEFITS

- Rated for pressures up to 7500 psi and 300°F
- Available in standard sizes 5 – 7"
- Compatible with Oil & Water-based muds
- Manufactured in USA
- Abrasion and chemical resistant
- Flex-Lip design for improved sealing at various pressures
