

## Flexible training and services for a hybrid workplace

With many organisations moving to hybrid working, lots of activities will continue to incorporate online elements, where it saves time and money. CT is pleased to present a broad-ranging suite of seminars, workshops and training courses for delivery either online or offline.

Training can be tailored to suit your needs and team structures. See our [online services and training page](#), or download the [full brochure](#).

### Topic areas include:

1. The new world
2. Governance, regulation & strategy
3. Finance, risk & assurance
4. Leadership, HR & recruitment
5. Asset management, innovation & operations
6. Growth & development
7. Social care, supported housing and homelessness

*“Thank you for an excellent initiative, which was well run and expertly facilitated. It gave a timely opportunity for the Board to consider the post-COVID-19 environment and feed into our strategic planning process. I would thoroughly recommend CT’s scenario planning exercise.”*

**Tom Miskell**  
Chair, Accent Housing
