

Get a grip on your assets

Does your asset management strategy help you decide whether to invest or divest? How can you retrofit your properties to meet zero carbon and environmental efficiency targets? Are you geared up for the coming changes in building safety requirements?

Campbell Tickell is working with councils and housing associations across the country to address these questions, maximise efficiency and value for money.

At a time of change and challenge, Campbell Tickell can help you address:

- Building safety and compliance
- Carbon zero
- Service delivery options
- Stock rationalisation

To discuss how we can help please contact Jon Slade: jon.slade@campbelltickell.com or +44(0)7943 496 363
