

# Mitigate Risk, Drive Efficiency, and Embrace Automation while Preparing for What's Next

## Who is Tipalti?

Tipalti is a global leader in payables automation and spend management, designed to seamlessly integrate into your ERP/wider tech stack. Focused on minimizing the time your finance team spends on manual payables processes, while helping to speed up your financial close, Tipalti helps teams improve cash flow visibility, while alleviating the amount of manual work your team spends on the payables process.

**80% Reduction** in manual payables workload

**Centralized** payables which fuels hyper growth

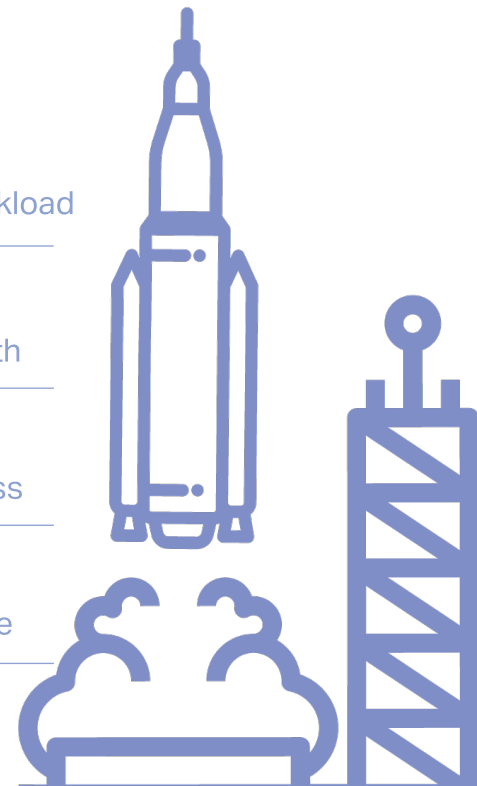

**25% Reduction** in financial close process

**Enterprise** grade controls to ensure compliance

**Simplicity** in global operations

## How Tipalti & Clients First Work Together

**Integrate into your Financial Process**

Designed to seamlessly integrate with your tech stack, Tipalti & Clients First help ensure that your payables process fits effortlessly into your financial operations, without holding your business back from scaling to the next level.

**Global & Multi-Entity Ready**

Future-proof global payables operations with ability to manage complex, multi-entity subsidiary structures, with reporting back to Acumatica or Microsoft Dynamics. Offer True Global Payables with the ability to transact in 196 countries and 120 currencies

**Protect Against Fraud & Compliance Risk**

Proactively prevent fraud with detailed payee monitoring; global capabilities, deep audit trails and notes help provide your business more control, while helping you mitigate risk exposure.
