

TRACE POTENTIAL LEAKS IN EDITING & COLLABORATION WORKFLOWS

Leaks can occur during creative work, reviews, or approvals; and any leak can substantially negatively impact revenue and marketing.

NexGuard Plug-in for Editing Software allows studios, content owners, and post-houses to implement accountability, providing a strong deterrent against leaking and contributing to digital premium content's end-to-end protection

SOLUTION BENEFITS

 **Seamless & Straightforward:**

A simple video filter effect adds a unique, robust, and imperceptible forensic watermark to each content copy regardless of the input and output file formats.

 **Centralized & Integrated:**

Provides a unified view of organizational watermarking activities in the NexGuard Manager.

For over 15 years, major movie studios, content owners, and distributors worldwide have entrusted NexGuard Watermarking technology.
