

The TransLoc App

The easy and affordable way to get around!

Use our bus navigation tool to access routes and stops with real-time tracking or request a ride on-demand **all in one app**.

We are the only transit app with fixed-route, on-demand, multiple languages — Spanish and simplified Chinese, and WCAG compliance.

DOWNLOAD
THE MOBILE APP

ONDEMAND EXPERIENCE

Real-time tracking of vehicle with arrival notifications transporting riders curb to curb

In-advance ride scheduling

Rebook past trips with ease

Uses zone-based approach

Enables contact-tracing

Group rides automatically, minimizing wait times and maximizing vehicle resources

Fare payments

FIXED ROUTE EXPERIENCE

Shows agency alerts for routes

Provides stop details, including schedule data and ETAs

Allows favoriting of frequently used stops

Time-adjustable arrival notifications

Ability to search anywhere for routes with dynamic suggestions

Shows live vehicle capacity
