

Justin Pavloski, CPA

Manager

Justin is a Manager with SVA Certified Public Accountants and focuses on SOC reporting, financial statement audits, and reviews.

He specializes in providing SOC services for clients including SOC 1 and SOC 2 reporting, as well as readiness assessments. He enjoys working with clients to identify areas of weakness in internal controls and developing solutions to strengthen the overall security of their organization.

In addition to his SOC expertise, Justin also supervises and performs financial statement audits and reviews across a wide range of industries.

Justin is a member of both the Wisconsin Institute of Certified Public Accountants (WICPA) and the American Institute of Certified Public Accountants (AICPA) and was issued the Advanced SOC for Service Organizations Certificate from the AICPA.
