“The bursary system has been invaluable in managing bursary applications and confidential evidence. There is a profile created for each applicant and this holds data, evidence, bursary allocations and all expenses so we can work so much more efficiently. The Communication tools available means we can tailor personal messages or group emails. It also offers reporting, there is so much this system offers. SSFC award 800 bursaries and having the support of the Applicaa Bursary System has been the best investment, a brilliant tool for supporting our vulnerable students more effectively.”

## Key Questions

1. Does your school send out paper bursary forms?
2. Could your school's bursary admin be reduced?
3. Do you need an easy way to manage requests and annual bursary renewals?

Bursary16+ delivers digital solutions to these issues creating a seamless service for your families.
