

Boat and RV Storage

Boat and RV storage is a booming business that can be combined with your conventional self storage development or thrive as a stand-alone self storage investment. Whether you want to build fully enclosed structures or steel storage canopies, our systems can be customized to meet your needs. Enclosed Boat & RV storage is built on the same concept that works for conventional steel self storage buildings. We increase steel sizes to accommodate the wider bays and larger doors that Boat & RV storage requires. Canopies continue to be one of the most sought after products for self storage and Boat & RV storage owners. Our reputable expertise on Boat & RV development has kept us at the forefront of this rapidly growing industry.

"I would like to highly recommend the services of Mako to any prospective self storage developer or contractor. They have designed, supplied and installed these structures in a thoroughly professional manner. In all cases, Mako has met or improved upon construction deadlines and they have always gone the extra mile to make sure our facilities are of the highest quality."

J. TERRY ASTON
