

FOREMAN – Residential Construction, Gig Harbor, WA

Department: Rush Residential
Reports To: Superintendent
FLSA Classification: Non-Exempt/Hourly Position
Date: 10/15/21

Job Summary

The Foreman is responsible for providing quality control of daily activities and product assembly as it relates to early phases of residential construction. This position will manage multiple framing subcontractors, material take-offs and handling, quality control of wood framing, structural components, plumbing, and mechanical and electrical systems prior to cover. We are a regional construction company specializing in residential single family home construction.

Essential Duties & Responsibilities

- Ability to read and understand construction drawings
- Communicate architectural and structural details
- Knowledge of plumbing, mechanical and electrical systems
- Create punch lists in each home for framing standards
- Perform basic framing
- Utilize knowledge of stairway construction, door hanging, and hardware
- Proven track record demonstrating self-motivation and ability to operate independently
- Forecast production schedules
- Maintain a clean, safe, and secure job site
- Regular “on time” attendance
- Willing and able to follow directions
- Ethical, honest, and accountable
- Meet milestone dates, floor/roof structure, dry-in etc.
- Ensure quality control of materials and mechanical attachments in accordance with structural design
- Safeguard materials against loss damage and minimize waste
- Able to work overtime, as needed

Supporting Duties & Responsibilities

- Assist Superintendent in forecasting long lead items by assessing schedule or accelerating current schedule

Job Requirements

- **Education**

High school diploma or equivalent combination of education and experience

- ***Experience***

Minimum of 2 years of rough carpentry experience

- ***Special Skills***

Requires experience with hand and power tools on a project jobsite, knowledge of proper lifting protocol and able to wear personal protection equipment including eye protection, head protections, reflective outerwear and proper footwear.

- ***Certifications and/or Licenses***

First Aid and CPR trained

Physical Requirements

The physical demands of this job require transporting materials, operating equipment/machinery, and performing construction-related tasks on an active construction site. Must be able to lift up to 25 pounds.

Application Process

Our team members at The Rush Companies have a strong reputation for exercising integrity, good judgment, and sound business practices in all dealings with our clients, consultants, subcontractors and suppliers. We are committed to selecting only those individuals who share in our loyalties while also maintaining our standards of quality and safety.
