

Smooth Operations for CT Scan & Cath Lab

THE PROBLEM

The customer is a 200 bedded multi speciality hospital in Malappuram that has been in operation for 16 years. The hospital is equipped with state of the art modern medical equipments and facilities including GE CT scan machine and Cath Lab machine.

FUJI ELECTRIC SOLUTION

The team of engineers from Fuji Electric studied the operation of the CT scan machine and Cath Lab and based on this recommended the installation of 120 KVA Falcon 8500 UPS and a 60 KVA Falcon 5000 UPS in a standalone configuration to ensure best operation of the machines.
