

# Perfect Pharma Packaging & Labels

## BACKGROUND

The customer is a leading manufacturer of packaging and labels for the pharma industry and has been in operation from 1991. They provide GMP packaging services to the nutritional supplement industry and recently have become one of the leading, independent nutritional supplement packagers in the country. Nine Automated, high-speed packaging lines produce over 100,000 bottles and 150,000 packets daily with strict compliance to CGMP processing. They are using Komori and Heidelberg machines for printing.

## FUJI ELECTRIC SOLUTION

The team of engineers from Fuji Electric studied the requirements of the customer and the operations of the printing machines from Komori and Heidelberg. Based on this the team recommended the installation of Falcon 8500 UPS of rating 160 KVA two nos and 120 KVA one nos to support the operations of the printing machines and ensure uninterrupted operations.
