OT & ICU Power Backup

PRODUCT / SOLUTION

UPS

LOCATION

Bhubaneshwar, Orissa

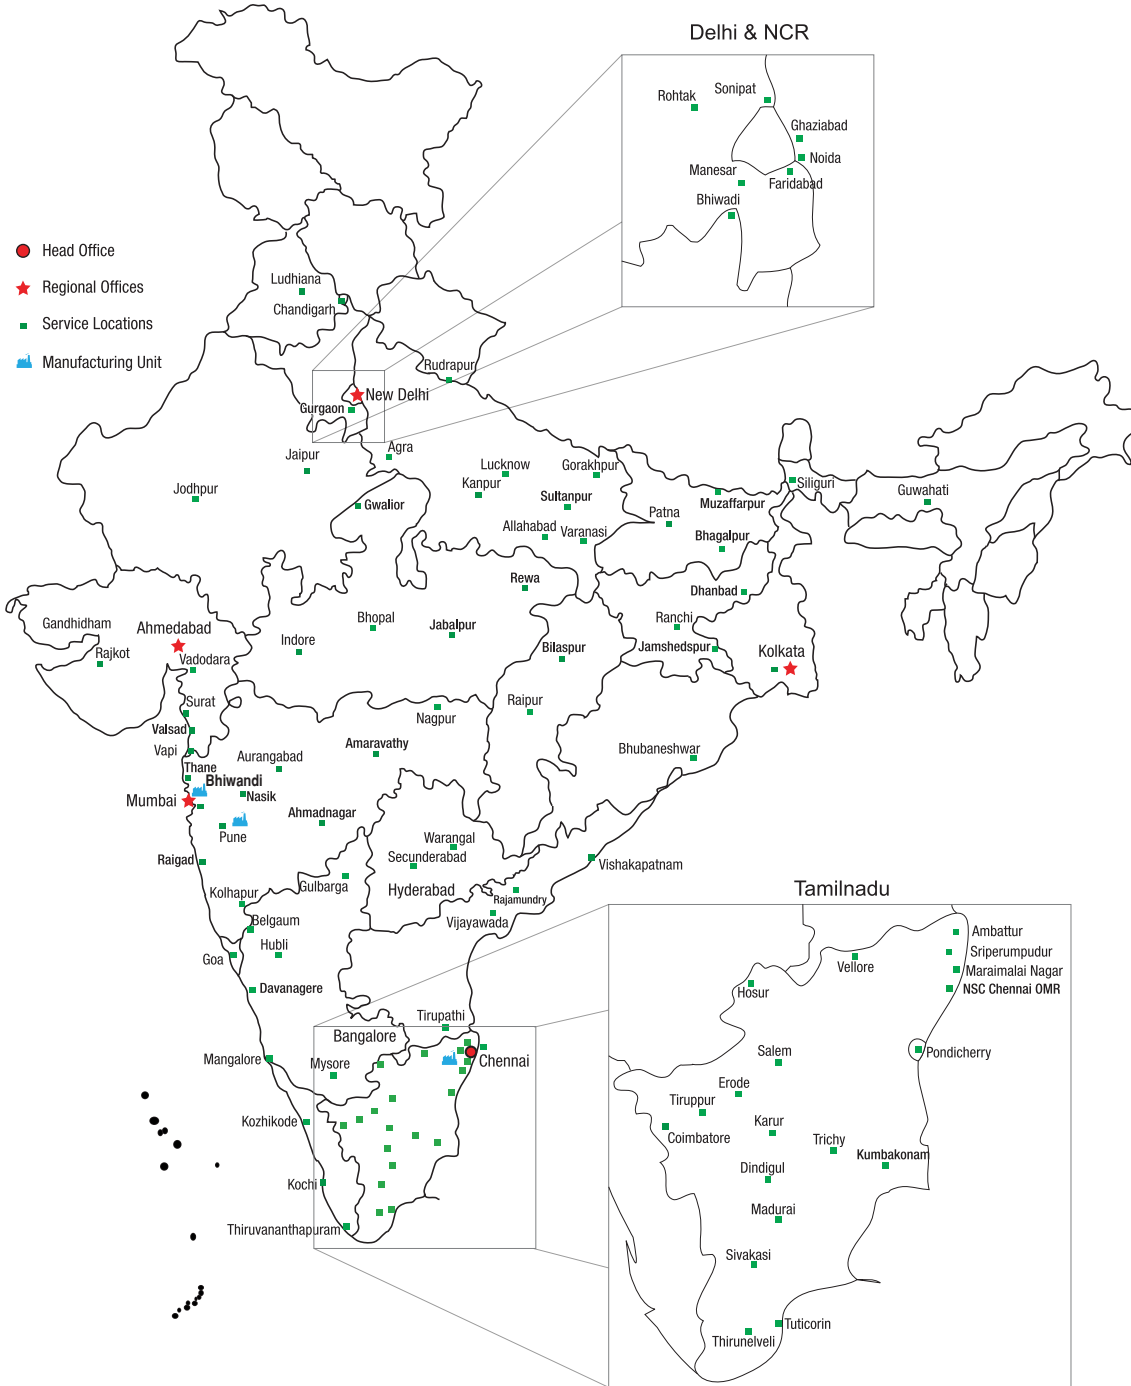

FUJI ELECTRIC SOLUTION RESULT

The team of engineers from Fuji Electric studied the requirement of the hospital and the critical equipment. Based on the critical nature of the equipment the team recommended the installation of Falcon 5000 UPS of rating 60KVA two nos and Falcon 5000 UPS of rating 10KVA one nos to provide uninterrupted power supply to the equipment. Their server and PC load also connected with system to get 100% surety of power backup.

The customer is satisfied with the solution implemented by Fuji Electric as the OT and ICU operations have been functioning smoothly and without any interruptions.
