

# PROUDLY REPRESENTING

in Pennsylvania, New Jersey, & Delaware Markets

Dedicated Outside Air Solutions

100% Outside Air Units, Vertical/Horizontal Packaged Units and Precision Cooling Systems

Full line of fan coils, Hydronic heating Products

Custom All-Aluminum Air Handling Units

Air Filtration Products, Bi-polar Ionization, Activated Carbon, Particulate Filters and UV

Low-Temperature Refrigeration & Dehumidification Solutions

**The Science of Clean Air.**  
Solutions for the removal of airborne particles, odors, VOCs and biological contaminants

High-Efficiency Cooling Towers and Closed Circuit Coolers

Cooling Tower Control Panels/VFD's

Shell & Tube Heat Exchangers

Integrated Control Solutions for Commercial, Industrial & Critical Applications

Exact-Fit Replacement PTAC's, Vertical & Horizontal Fan Coil Units, and Water Source Heat Pumps

Energy Recovery Focused Air Handlers & Custom Air Handling Solutions

Custom-Engineered Air Handling Units

Customized High-Efficiency Energy Recovery Systems

Energy Recovery Wheels

Solid Separators & Media Systems

LEED Compatible Packaged Units and Split Systems

Air Cooled and Water Cooled VRF, Ductless Splits, & Ventilation Solutions

Classroom Vertical Packaged Air Cooled and Water Cooled Units

VAV Boxes, Single Duct, Dual Duct, Parallel Fan Powered and Series Fan Powered

Modular Air Cooled and Water Cooled Chillers

Intelligent Controllers, Sensors, Electronic Actuators, Actuated Valves, Humidifiers, & Electric Heaters

Custom and Replacement Packaged Rooftop & AHU's; Multizone, Single Zone & Energy Recovery Systems

Hydronic Heating & Cooling for Industrial & Commercial

Plate and Frame Heat Exchangers

GOLD Series Air Handling Units with Integral Heat Recovery Wheels

Modular Central Plants and Modular Pumping Systems

Maintenance-Free, Dual Bearing, Thermally Insulated, Low Leakage Aluminum & Stainless Steel Dampers

High Quality Custom, Semi-Custom, and Standard Fans for the Commercial and Industrial Markets

High-Outdoor Air-Cooled DX or WSHP Packaged Rooftops with Optional Energy Recovery

Noise Control, Vibration Isolation, and Restraint Systems

Air Handling & Blower Coil Units, Air Curtain & Air Heaters

Water Source Heat Pumps & Modular Chillers
