

Money Back Guarantee

Buying anything for the first time can feel like a bit of a risk. At Solvemate, we truly believe in our ability to help customer service departments deliver better support to each and every customer with customer service process automation. So much so that we are willing to guarantee your satisfaction, or your money back.

No Risk, Lots of Reward

Let's face it, traditional customer service channels face human and process bottlenecks that keep customers waiting and are expensive to scale. Automation and chatbots are the future to eliminating long wait times and frustrating experiences for customers and service agents alike.

We'd love the chance to prove our benefits to you:

- ◆ Reduced number of tickets
- ◆ Reduced waiting times across all channels (phone, email, live chat, social)
- ◆ Improved resolution times across all channels
- ◆ Improved CSAT
- ◆ Improved Customer Experience (CX) and Employee Experience (EX)

By providing faster, personalized, reliable answers to customers, you will improve your customer loyalty and retention as well as lower employee turnover. That's a win-win!

We Are Your Trusted Partner to Success
