

10 SIGNS YOU NEED AN OFF-DUTY UPGRADE

You've been **running off-duty the same manual way** for 20+ years

1

You're Googling "off-duty software"

3

Businesses **cannot pay with a credit card** or ACH transfer

5

Your business clients are **still writing paper checks**

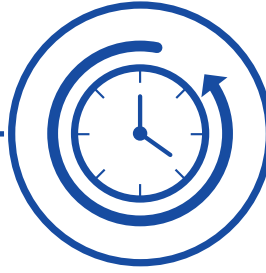

7

An officer at your agency was **involved in an off-duty incident**

9

You spend an **inordinate amount of time scheduling** officers and filling call-offs

2

Community **requests are going unfilled**

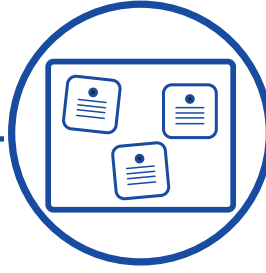

4

Text groups and email lists are driving you nuts

6

Your **jobs are still posted on a bulletin board** or in a binder

8

If you've recently asked or wondered, **"Who's working what and where?"**
