## Evening Presentation Notice

**Date:** **Tuesday, February 22<sup>nd</sup>, 2022**  
**Time** **19:00**  
**Location:** **Live via Facebook in your kitchen, living room, office...**  
**Organized by:** The Montréal SMPTE  
**Sponsored by:** The Montréal SMPTE  
**Language:** French

**Subjects:** **SMPTE - Review of the technical annual conference 2021**

**IMPORTANT:** This presentation, open to all, will be available via a live streaming service on our Facebook page (<https://www.facebook.com/SMPTEMTL/>).

Your SMPTE-MTL committee is proud to team-up with Sylvain Marcotte to present an evening on the review of the SMPTE technical annual conference held last November.

The evening will be hosted on Facebook where you will be invited to interact with us and ask your questions.

### Evening Schedule:

**19:00 – 19:45 Review of the SMPTE technical annual conference 2021, Sylvain Marcotte, Grass Valley – Presentation in French**

The SMPTE Annual Technical Conference is a longstanding landmark event like no other in the media and entertainment industry.

The conference is the only industry event with peer-reviewed content, so you can be sure the manuscripts and presentations are of the highest quality and relevance to you.

Topics will include advances in acquisition technologies, IP infrastructures, virtual production, media in the cloud, and sustainability.

During this evening, I will review various papers presented at the event, which I hope will inform you on subjects that will be important in the future of our industry.

### Biographies:

#### **Sylvain Marcotte, Grass Valley**

Canadian Governor for the SMPTE, Sylvain became a member in 1990.

Since 2009, he has contributed to various SMPTE committees and is partly responsible for drafting standards, including ST 2110.

He is part of the Grass Valley team (formerly Miranda) since 1994. Over the years, he has led several teams in the design of many modular platforms for the company.

Sylvain is currently a System Architect and “Product Owner” and is also closely involved in emerging technologies.
