

WOLF PACK™ 810-FR

High Capacity 24,500 mAh Militarized Portable Charger

Designed &
Engineered
in the USA

- Military Grade Construction
- High Performance
- Premium Quality

FEATURES

- USB Type A 2.0 Output
- Micro USB Input
- 4 LED State-of-Charge Indicator
- Coyote brown military camouflage exterior

ADVANCED FEATURES & BENEFITS

Military Grade Construction

- Designed & tested to Military Standard MIL-STD-810G
- Enhanced flammability protection
- Impact-proof housing withstands extreme drop, shock, and vibration
- Protected against water and dust damage (IP67)

High Performance

- High Power Capacity
- Fast Charging of Devices
- Long Battery Life

Premium Quality

- Engineered in USA
- Manufactured in North America
- UNDOT; FCC

CHARGE CAPABLE 5V USB DEVICES

- Smart Phones
- Tablet PCs
- Wireless Devices
- Bluetooth Speakers
- GPS Devices
- Cameras

SPECIFICATIONS

Manufacturer ID	07-57606-101
Cell Chemistry	Lithium-ion
Operating Voltage Micro USB (Nom/Max)	5V / 5.2V
Operating Voltage USB (Nom/Max)	5V / 5.2V
Capacity	24,500 mAh
Weight	1.34 lbs (610g)
Current	2.1 A - 3A Max
Dimensions (LxWxH)	7.14" x 3.08" x 1.21" (181.4mm x 78.2mm x 30.7mm)
Cycle Life	80% Capacity after 300 cycles
Charging Temperature	0°C to 45°C (32°F to 113°F)
Storage Temperature	0°C to 45°C* (32°F to 113°F*)
Compatible Device Charging Temperature	-20°C to 50°C (-4°F to 122°F)
Ingress Protection	IP67
Certifications	CE, UL2056, UKCA, FCC and RoHS
