# HOW TO MEASURE YOURSELF

## MALE

### A) NECK

Measure around your neck at collar level. Keep one finger between the measuring tape and neck.

### B) CHEST

Standing naturally, measure around the fullest part of the chest, keeping the tape at under arm level. Keep one finger between tape and body

### C) WAIST

Measure around waist keeping one finger between tape and body. Measure at the navel.

### D) INLEG

Measure the inside leg from the crotch to top of the heel of the shoe.

## FEMALE

### E) BUST

Standing naturally, measure around the fullest part of the chest / bust, keeping the tape at under arm level.

### F) WAIST

Measure around the waist, placing one finger between tape and body. Measure above the navel, at the narrowest part of your waist.

### G) LOW WAIST

Measure around the waist, placing one finger between tape and body. Measure 4cms below your navel.

### H) HIPS

Standing naturally, measure around the fullest part of the hips. Keeping the tape level and straight. Placing one finger between tape and body.

## MEASURING TIPS

The above measurements are relating to body measurements in centimeters. These are not garment measurements.

For best results, ask someone to measure you with a tape measure.

Keep the tape tight but not stretched and follow the above instructions.
