2.10 Public Communication
At this time, the Board of Trustees will listen to communication from the public on matters that are not on the agenda and are within the Board’s jurisdiction. Under provisions of the Brown Act, the Board and District staff are prohibited from discussing or taking action on oral requests that are not part of the agenda, but may respond briefly. A maximum of 15 minutes (up to 3 minutes per individual) will be provided for speakers under this agenda section, at the Board President’s discretion. A speaker’s card must be completed to request to address the Board. Requests to speak which cannot be honored within the time limit will be scheduled for subsequent meetings in the order received. Persons addressing items included on the agenda will be heard at the time the item is considered, and comments on tangential issues not directly related to the item may be ruled out of order. Cards must be received prior to the Board’s consideration of the item and are honored in the order the cards are received. A speaker may yield time to another speaker up to a limit of 6 additional minutes, with no more than 5 speakers on the issue, where both have completed a speaker’s card, and the yielder must identify him/herself to the Board. Speakers are asked to submit any materials to the Board Clerk and shall not approach the dais during meetings. (Please line-up when your name is called.) Further direction is provided in Board Policy and Administrative Procedure 2345 Public Participation at Board Meetings.

3.1 First Reading of Resolution 19/20-56 Authorizing the Amendment of the 2005 Indenture of Trust relating to the District’s Other Post Employment Benefit (OPEB) Bonds, Authorizing and Directing the Conversion of the Series B-3 Bonds to an Alternative Interest Rate, and Approving Forms of Documents and Actions of Officers of the District Necessary and Desirable in Connection Therewith. Presenter: Chancellor Stanback Stroud

Meeting

May 12, 2020 - REGULAR MEETING OF THE BOARD OF TRUSTEES

Access

Public
TO:  Peralta Board of Trustees  
FROM:  Dr. Regina Stanback Stroud, Chancellor  
PREPARED BY: Chancellor's Office

This Resolution is being presented to this meeting for a first reading of the Board and will be presented again at the Board's May 26th meeting for approval.

In 2005, the District issued $153.7 million of Other Post Employment Benefit (OPEB) bonds, $133.7 million of which were issued as convertible auction rate securities. In 2015, the District converted the Series B-2 of the OPEB Bonds, which were convertible auction rate securities, to weekly variable rate bonds supported by a letter of credit. This Resolution authorizes the District to proceed with the same plan of finance for the Series B-3 Bonds.

The Resolution also authorizes the Chancellor and the Vice Chancellor of Finance and Administration or their designees to finalize, execute and deliver the agreements and documents necessary to effectuate the plan of finance, including a second supplemental indenture providing for amendments to the indenture of trust relating to the OPEB Bonds, a reimbursement agreement with Barclays Bank PLC relating to the letter of credit supporting the B-3 Bonds, a fee letter relating to the fees the Bank will charge in connection with the letter of credit, a Custody Agreement with U.S. Bank and Barclays Bank PLC relating to the custody of bonds after certain drawings under the letter of credit and a remarketing agreement with Barclays Capital Inc, the remarketing agent. A substantially final form of each such document is included with this Resolution.

Deliverables and Scope of Work:  
N/A

Anticipated Completion Date:  
The District currently anticipates closing the transaction in August 2020.

Evaluation and Recommended Action:  
This is the first reading of this Resolution. It will be presented again at the May 26th Board meeting for approval.

B: Engage and Leverage Partners
A: Advance Student Access, Equity, and Success

TO: Peralta Board of Trustees

FROM: Dr. Tim Karas

PREPARED BY: Dr. Tim Karas

BACKGROUND/ANALYSIS:

Assembly Bill 288 (Holden) was enacted January 1, 2016 and added to the California Education Code section 76004. Assembly Bill 288 enables the governing board of a community college district to enter into a College and Career Access Pathways (CCAP) partnership with the governing board of a school district.

AB 288 provides that a CCAP Partnership Agreement can (and must) be used for the purpose of offering or expanding dual enrollment opportunities for students who may not already be college bound or who are underrepresented in higher education, with the goal of developing seamless pathways from high school to community college for career technical education or preparation for transfer, improving high school graduation rates, or helping high school pupils achieve college and career readiness.

For the first time in California's Education Code, the term "dual enrollment" is identified to define "special part-time" or "special full-time" students, ie high school or other eligible special admit students enrolling in community college credit courses.

PCCD currently has non-CCAP dual enrollment partnership with Alameda Unified School District (AUSD). It has now coordinated with AUSD to create this CCAP agreement which will allow PCCD to expand its relationship with AUSD in order to serve underrepresented youth by offering closed courses that occur during the high school day. This CCAP Agreement also provides the opportunity for students to enroll in up to 15 units per term, providing opportunity for PCCD to expand its dual enrollment partnership and integrate Guided Pathways into the college and career pathways that students seek.

Community college districts may claim full-time equivalent student (FTES) and state apportionment for courses given through AB 288 College and Career Access Pathways (CCAP) Partnership Agreements provided that the California Education Code and California Code of Regulations, Title 5 requirements are met.

This is the first read of this agreement.

DELIVERABLES/SCOPE OF WORK:

PCCD and AUSD collaborated on the CCAP agreement and identified specific courses to be scheduled. The identified courses to be taught will be reviewed annually. The CCAP agreement required the approval of both PCCD and AUSD governing boards.

Recommended Action
Approve an Addendum for Dave Nguyen in the amount of $72,710.

TO: Peralta Board of Trustees
FROM: Academic Affairs
PREPARED BY: Laura Leon-Maurice

BACKGROUND/ANALYSIS:

Dave Nguyen is an experience and skilled Financial Aid (FA) technical and training consultant who has years of experience in FA as a Director and Analyst. The District FA Office recently hired a new FA Analyst who is also very skilled and experienced but came to us from a Banner (not People Soft) FA system. Mr Nguyen has served as consultant to the District for technical training and is aiding the development of new processes to assist PCCD in addressing outstanding audit findings. The ICC extension is based on the need for additional training and support as we hire the second new FA Analyst (expected to begin May, 2020) and continue to address the technical related audit items aimed at strengthening FA district wide.
Laney College generated the first ICC #21243 in the amount of $24,960.00. The second ICC #19135 generated by Academic Affairs was for $25,000.00. Addendum #1 is for $22,750.00. The total amount will be $72,710.

DELMERABLES/SCOPE OF WORK:

If approved, Dave Nguyen will continue to serve as a Financial Aid Technical Consultant for the District FA Analysts by providing the following:
- Training on PS Related FA Systems
- Training on FA Queries to improve Processes
- Guidance on College and District FA Business Processes
- Technical Guidance on eliminating all Audit Findings

ANTICIPATED COMPLETION DATE:
June 30, 2020

EVALUATION AND RECOMMENDED ACTION:

The VC of Academic Affairs and Student Success has evaluated the deliverables to date for Dave Nguyen and found them to be satisfactory.

The Chancellor recommends approval.

6.3 Consider Acceptance of $200,000 Service Agreement with County of Alameda to provide access and support success for returning citizens. Presenter: President Gilkerson

Meeting

May 12, 2020 - REGULAR MEETING OF THE BOARD OF TRUSTEES

Access

Public

Type

Action (Consent)

Preferred Date
Acceptance of the $200,000 Service Agreement with County of Alameda to provide direct services to expand access and support success for Returning Citizens in higher education.

Alameda County solicited higher education institutions within the county to provide support services to formerly incarcerated citizens returning for education. Through a Request for Proposal process (RFP 901750), Laney College’s Restoring Our Communities (ROC) was selected to expand access and support success for returning citizens in higher education. Restoring Our Communities (ROC) is an academic support program at Laney College, by and for formerly incarcerated students. ROC is about supporting and equipping formerly incarcerated students with the tools to be successful at Laney College and beyond.

Deliverables and Scope of Work:

Per the approved proposal, this service agreement is made for the purposes stated below:

1. Provide Prospective Student Engagement and Transfer/Application Support
2. Provide Support Services that Address Academic and Non-Academic Needs.
3. Provide Peer Mentoring
4. Establish Effective Partnerships to Reduce Barriers and Promote Student Success

Anticipated Completion Date:

December 31, 2021

Evaluation and Recommended Action:

Acceptance of the $200,000 Service Agreement with County of Alameda to provide direct services to expand access and support success for Returning Citizens in higher education.

Approve the Cooperative Agreement for the Puente Project in the amount of $21,500 awarded to College of Alameda

Goals
B: Engage and Leverage Partners
C: Build Programs of Distinction
A: Advance Student Access, Equity, and Success

TO: Peralta Board of Trustees

FROM: Dr. Tim Karas, CoA President

PREPARED BY: Dr. Tim Karas

BACKGROUND/ANALYSIS:

As part of CoA commitment to equity, inclusion and social justice the college applied and received a federal Hispanic Serving Institutions (HSI) Grant in September 2019. A key intervention and best practice identified was the establishment of a Puente Program at CoA. The HSI grant covers the cost of instructors, counselors, clerical staff, and administrative support. CoA reached out to UC Berkeley's Center for Educational Partnerships- Puente Project to establish a formal program. Upon acceptance to the Puente Project CoA commits to standard design principles and received seed funding the establish the project.

DELIVERABLES/SCOPE OF WORK:
I. RESPONSIBILITIES OF THE RECIPIENT

A. TRAINING AND FIELD TRIP DAYS

1. Recipient shall offer a two-semester sequence of courses consisting of transfer English courses in the fall and spring semesters of 2020-21, 2021-22 and 2022-23 terms for designated Puente students who qualify using the English class assessment process for the Community College(s) and as outlined in the Puente Community College Program Implementation Guidelines. Recipient shall also offer co-requisite course(s) at its discretion.

2. Recipient shall provide services including teaching, counseling, and mentoring components to first-year Puente students, and counseling and follow-up services until the student transfers to a four-year college or leaves the Recipient.

3. Recipient agrees to release counselor(s) and instructor(s) to attend all required Puente training sessions and to take students on field trips to colleges and cultural events. New team members selected for Puente are required to participate in the Puente Summer Institute (PSI), a week-long residential, foundational training held in the summer.

4. Recipient agrees to schedule each semester a Puente-linked Personal Development/Guidance (PD) course taught by the Puente counselor.

University will provide one-time funding of $15,000 for the initial fiscal year of program implementation (2020-21). Operating funds of $5,000 to be provided for fiscal year 2021-22 and mentor support funds in the amount of $1,500 to be provided in the 2022-23 fiscal year.

ANTICIPATED COMPLETION DATE:

June 30, 2023

EVALUATION AND RECOMMENDED ACTION:

The Chancellor recommends approval.

All matters listed under the Consent Calendar are considered by the Board of Trustees to be routine or sufficiently supported by back-up information as to not require additional discussion. 7. CONSENT CALENDAR - FACILITIES

7.1 Consider Approval of Agreement for Bleacher Purchase and Installation with KYA Services LLC at College of Alameda Gymnasium Presenter: Vice Chancellor Sata

Meeting

May 12, 2020 - REGULAR MEETING OF THE BOARD OF TRUSTEES

Access

Public

Type

Action (Consent)

Preferred Date

May 12, 2020

Absolute Date
BACKGROUND/ANALYSIS:

College of Alameda staff wishes to replace the existing gym bleachers, which are at end of life. The full replacement will include pull-out bleachers, an electronic control system and related equipment, and the delivery and installation of the equipment (“Equipment”). The gymnasium is located at College of Alameda, 555 Ralph Appezzato Memorial Parkway, Alameda, California 94501. KYA, Inc. (“Vendor”) provided similar services to the Wiseman Unified School District, a K-12 public school District under a master agreement dated April 26, 2018. The master agreement was made available to the Foundation for California Community Colleges (“FCCC”) and the District was provided with a proposal to deliver such Equipment at a cost of $246,289.89 through the FCCC.

The FCCC is an auxiliary organization and public agency operating pursuant to the Education Code and in conformity with regulations adopted by the Board of Governors of the California Community Colleges. FCCC, as the largest national purchasing consortium for colleges and universities, leverages its buying power to make available, at competitive prices, equipment and services to colleges and universities nationwide under its “CollegeBuys” program.

Public Contract Code Section 20661 is an exception to the public bidding requirements of California law, authorizing California community colleges to enter into contracts awarded by the Chancellor of the California Community Colleges so long as the cost to the community college is better than that which the college could obtain through its own competitive bid process or otherwise through direct negotiation with a vendor.

District staff researched the costs and terms of the FCCC Contract and believes that the price of the Equipment and installation of the Project under the FCCC Contract and the proposal by Vendor are reasonable and that it would be in the best interests of the District to utilize the FCCC Contract to purchase the Equipment from Vendor.

The Contact Information for KYA Services, LLC is:
John Leyds, Principal
1800 E. McFadden Ave.
Santa Ana, CA 92705

DELIVERABLES/SCOPE OF WORK:
The Project consists of the purchase of the Equipment, shipping and delivery, and installation of the Project, including incidental labor and cost of bonding.

**ANTICIPATED COMPLETION DATE:**

The Equipment is expected to be delivered by July 15, 2020. The proposal indicates that it takes 2-8 weeks for delivery of Equipment from the date the District issues Vendor a purchase order. The Project is expected to be installed and completed by August 7, taking approximately 21 consecutive calendar days to install.

**EVALUATION AND RECOMMENDED ACTION:**

The College President, Vice Chancellor of General Services and Chancellor recommend award of the Agreement to KYA Services LLC, in an amount not to exceed $246,289.89.

Approve the Construction Manager contract for Swinerton Builders d/b/a Swinerton Management & Consulting for construction management services in the amount of $8,573,883.00 for designated projects at the Laney College campus.

TO: Peralta Board of Trustees

FROM: Department of General Services

PREPARED BY: Vice Chancellor Sata

BACKGROUND/ANALYSIS:

On July 10, 2018, the Board approved Resolution 18/19-12, approving seven (7) Construction Management (CM) vendors deemed qualified to manage large construction projects for the District, consistent with Government Code qualifications-based procurement for construction management services (Gov. Code, § 4525, et seq.). One of the vendors is AECOM, which the District hired as the Bond Program Manager on February 4, 2020. The remaining six (6) Construction Management firms were asked to submit proposals to manage State and Bond funded design and construction work at the District’s four colleges.

The six (6) firms were asked to present a team of managers with experience overseeing projects of similar scope and size, providing design and construction management services in a participatory governance decision-making system, facilitating the DSA process, understanding State funding deadlines, and strategizing on the various project delivery methods within California Community Colleges.

The proposals were reviewed by a combination of DGS staff, campus management, procurement staff and the Program Management team using a set of scoring criteria delineated in the request for proposal. Swinerton Management & Consulting was selected to manage the District’s Laney College site and a contract is now brought to the Board for approval.

In the 2019-20 Fiscal Year, Swinerton Management and Consulting has been awarded the following contracts with the District:

<table>
<thead>
<tr>
<th>Contract</th>
<th>Amount</th>
<th>Board Approval</th>
<th>Complete or Ongoing</th>
</tr>
</thead>
<tbody>
<tr>
<td>CM Services, Small Projects</td>
<td>$1,271,000.00</td>
<td>October 8, 2019</td>

</tr>
<tr>
<td>CM Services, Capital Projects</td>
<td>$8,573,883.00</td>
<td></td>
<td>This Item</td>
</tr>
<tr>
<td>Total:</td>
<td>$9,844,883.00</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

DELIVERABLES/SCOPE OF WORK:

Swinerton Management & Consulting will provide project-specific construction management services for projects funded by the State, Measures A and G. The project-specific construction managers will be responsible for managing the day to day activities of the design and construction teams, including (but not limited to): communicating with campus staff and leadership about the status of projects, ensuring that proper safety procedures are followed during construction, organizing meetings, presenting at community forums and providing other project related communication from the campus. In addition, they will interface with the Program Management team to implement design and sustainability standards, providing project status reports and other deliverables to support the bond program.

The contract will be effective as of May 13, 2020 and the term will be for three years, with two one-year extensions and shall not exceed five years.

Projects at Laney College include:

- Learning Resource Center and Library
- Cooling Towers
- Theater Modernization
- STEM Tower
• Student Activity Center Modernization
• Student Welcome Center Modernization
• Infrastructure, Site and Landscape Improvements

ANTICIPATED COMPLETION DATE:
The contract for CM services is anticipated to be completed by April 30, 2025.

EVALUATION AND RECOMMENDED ACTION:
The Program Manager, Vice Chancellor of General Services and Chancellor recommend approval of the Construction Manager contract for Swinerton Builders d/b/a Swinerton Management & Consulting for construction management services in the amount of $8,573,883.00 for designated projects at the Laney College campus.

Recommended Action

Approve the Construction Manager contract for Roebbelen Construction Management Services, Inc. for construction management services in the amount of $4,979,499.00 for designated projects at the College of Alameda campus.

TO: Peralta Board of Trustees

FROM: Department of General Services

PREPARED BY: Vice Chancellor Sata

BACKGROUND/ANALYSIS:

On July 10, 2018, the Board approved Resolution 18/19-12, approving seven (7) Construction Management (CM) vendors deemed qualified to manage large construction projects for the District, consistent with Government Code qualifications-based procurement for construction management services (Gov. Code, § 4525, et seq.). One of the vendors is AECOM which the District hired as the Bond Program Manager on February 4, 2020. The remaining six (6) Construction Management firms were asked to submit proposals to manage State and Bond funded design and construction work at the District’s four colleges.

The six (6) firms were asked to present a team of managers with experience overseeing projects of similar scope and size, providing design and construction management services in a participatory governance decision making system, facilitating the DSA process, understanding State funding deadlines, and strategizing on the various project delivery methods within California Community Colleges.

The proposals were reviewed by a combination of DGS staff, campus management, procurement staff and the Program Management team using a set of scoring criteria delineated in the request for proposal. Roebbelen Construction Management Services, Inc. was selected to manage the District’s College of Alameda site and a contract is now brought to the Board for approval.

DELIVERABLES/SCOPE OF WORK:

Roebbelen Construction Management Services, Inc. will provide project-specific construction management services for projects funded by the State, Measures A and G. The project-specific construction managers will be responsible for managing the day to day activities of the design and construction teams, including (but not limited to): communicating with campus staff and leadership about the status of projects, ensuring that proper safety procedures are followed during construction, organizing meetings, presenting at community forums and providing other project related communication from the campus. In addition, they will interface with the Program Management team to implement design and sustainability standards, providing project status reports and other deliverables to support the bond program.

The contract will be effective as of May 13, 2020 and the term will be for three years, with two one-year extensions and shall not exceed five years.

Projects at College of Alameda include:

- Auto and Diesel Technology Center
- New Science Center
- Building F Modernization (Student Center)
- Infrastructure, site and landscape improvements

ANTICIPATED COMPLETION DATE:

The contract for CM services is anticipated to be completed by April 30, 2025.

EVALUATION AND RECOMMENDED ACTION:

The Vice Chancellor of General Services and Chancellor recommend approval of the Construction Manager contract for Roebbelen Construction Management Services, Inc. for construction management services in the amount of $4,979,499.00 for designated projects at the College of Alameda campus.
All matters listed under the Consent Calendar are considered by the Board of Trustees to be routine or sufficiently supported by back-up information as to not require additional discussion. **Recommended Action**

Approve Amendment #2 for Noll & Tam Architects, to add design and commissioning services to achieve a LEED rating for the new Library-Learning Resource Center Building at Laney College in the amount of $136,600.00.

**TO:** Peralta Board of Trustees

**FROM:** Department of General Services

**PREPARED BY:** Swinerton Management and Consulting

**BACKGROUND/ANALYSIS:**

The programming and design phases for the District’s new Library and Learning Resource Center Project at Laney College commenced in 2019, with Noll & Tam (“N & T”) as architects for the project. Since then, N & T has worked closely with the User Group, engineers and District staff to create a building that meets the needs of the users and State Funding requirements. At the request of the District, N & T has been asked to include LEED services in the project design. LEED standards are part of a four part rating system developed by the United Stated Green Building Council (“USGBC”), indicating the environmental sustainability of a project. Please see https://www.usgbc.org/ for more information about the USGBC and the LEED rating system. The LRC goal is to achieve a Gold rating, with the aspirational goal of achieving a Platinum rating, the highest rating available. In order to meet this challenge, additional documentation is required. This documentation exceeds the scope of professional design services included in the original Independent Contractor/Consultant Services Contract dated December 11, 2019 (“Agreement”). This Amendment #2 to the Agreement adds the services needed.
In the 2019-20 Fiscal Year, Noll and Tam Architects has been awarded the following contracts and contract amendments with the District:

<table>
<thead>
<tr>
<th>Contract</th>
<th>Amount</th>
<th>Board Approval</th>
<th>Complete or Ongoing</th>

<td></td>
<td></td>
</tr>
<tr>
<td>Laney College LRC, Amendment #3, Smoke Control Design Services</td>
<td>$54,746.00</td>
<td>Pending</td>
<td></td>
</tr>
</tbody>
</table>

**DELIVERABLES/SCOPE OF WORK:**

1. Noll & Tam will register the project on the USGBC site and log all team members for access to it.
2. At the beginning of the Design Development Phase, issue the list of applicable LEED points for this building that will satisfy the requirements for the highest level certification of LEED that can be reasonably achieved for this building. Submit required documentation to the United States Green Building Council (USGBC).
3. During Design Development, incorporate the means to achieve those LEED points into the design of the building and site improvements. Provide a narrative at the conclusion of the Phase describing how LEED points are being satisfied.
4. During the preparation of Construction Documents, include the means to satisfy the LEED points in the fully developed drawings and specifications. Work with the Commissioning Agent to confirm that those systems under the Agents purview are fully described. Provide a narrative at 50% completion and the conclusion of the Phase describing how LEED points are being satisfied.
5. During Construction, monitor and enforce the Contractor’s compliance with all aspects of the LEED requirements as spelled out in the contract documents. Work with the Commissioning Agent to confirm that those systems under the Agents purview are fully compliant with the contract documents.
6. During Commissioning, work with the Commissioning Agent to ensure that the performance of all systems under the Agents purview follow the LEED requirements.
7. Manage the LEED process and confirm all points have been uploaded, processing all comments, and tracking progress.
8. During Project Close-out, collect all LEED-related documentation and ensure that all requirements of the USGBC are satisfied, and that these documents are submitted to the USGBC.

**ANTICIPATED COMPLETION DATE:**

The work will be completed during Project Closeout, as some documentation must be prepared once the construction is complete. Project completion is expected to occur in the second quarter of 2023.

**EVALUATION AND RECOMMENDED ACTION:**

The Swinerton Project Manager, Vice Chancellor of DGS and the Chancellor recommend approval of the Additional Service Request #2, for Noll & Tam Architects, for the work needed to provide LEED Design
and Commissioning Services for the New Laney Library + Learning Resource Center Project, in an amount of $136,600.00.

Approve Amendment No. 1 to CMAS Purchase Contract with GonLED for a change in terms at no increase to original contract amount. The approval of this amendment will allow the Contractor, with defined advanced written notice to the District, to be subject to a non-compensable schedule extension in the event of an unavoidable “Force Majeure” event.

TO: Peralta Board of Trustees

FROM: Department of General Services

PREPARED BY: Kitchell CM

BACKGROUND/ANALYSIS:

On March 24, 2020, the Governing Board approved a CMAS Purchase Contract with Hallpass Capital, Inc., doing business as GonLED (“GonLED”), for the purchase of LED Lighting materials and installation for the Peralta CCD in the amount of $1,530,811.19 (“Agreement”).
Following the Board's approval of the Agreement, County and State shelter in place orders were issued relating to coronavirus. Project delays are not currently anticipated. However, the Board is now asked to approve Amendment No. 1 to the Agreement, which provides greater detail regarding how unavoidable events causing unavoidable delays (often referred to as "Force Majeure" events) will be addressed. The new language requires GonLED to provide advance written notice to the District of claimed Force Majeure events and delays, and support for any claim. The District will review the facts and notice provided by GonLED, and evaluate the existence and extent of the claimed delay. The District will grant a non-compensable schedule extension if the District determines the delay meets the contract requirements, including that the delay was unavoidable and caused by a Force Majeure event.

**Contact information for GonLED:**
1835 Whittier Ave. Suite D-12
Costa Mesa, CA 92627
Justin Swedlow is the main point of contact for the company

**DELIVERABLES/SCOPE OF WORK:**

No change to the original scope of work.

**ANTICIPATED COMPLETION DATE:**

No change to the original contract completion date.

**EVALUATION AND RECOMMENDED ACTION:**

The Construction Manager, Vice Chancellor of General Services, and Chancellor recommend approval of Amendment No. 1 to CMAS Purchase Contract with GonLED for a change in terms at no increase to original contract amount. The approval of this amendment will allow the Contractor, with defined advanced written notice to the District, to be subject to a non-compensable schedule extension in the event of an unavoidable "Force Majeure" event.

Approve an Agreement for Construction Services (Small Projects) Contract with Mars Construction, Inc., Berkeley City College ADA Barrier Removal Project Phase 2, in the Amount Not to Exceed $113,700.00. This approval will ensure compliance with the American with Disabilities Act (ADA) requirements addressed in a legal settlement.

TO: Peralta Board of Trustees

FROM: Department of General Services

PREPARED BY: Kitchell CM

BACKGROUND/ANALYSIS:

This work is necessary to ensure District compliance with ADA requirements identified in the District’s remediation plan included in the Delson v. Peralta settlement. A public bid process was conducted by the District’s Purchasing Department for the "Berkeley City College Barrier Removal Project Phase 2" (Bid #19-20/08). Five bids were received before the 2:00 p.m. deadline on March 12, 2020. Purchasing Department representatives, DGS Staff and the Construction Manager reviewed bids from the following bidders:

<table>
<thead>
<tr>
<th>Contractor</th>
<th>Bid Amount:</th>

<tr>
<td>Bay Construction</td>
<td>Non Responsive</td>
</tr>
</tbody>
</table>

Mars Construction, Inc. was deemed the lowest responsive, responsible bidder, supplying all mandatory documents at the time of bid opening, and was selected to perform work for the Berkeley City College ADA Barrier Removal Project Phase 2.

Contact information for the vendor is provided.
Mars Construction, Inc.
4888 Clayton Road #14
Concord, CA 94521.
Maria Serova is the Principal for the company.
DELIVERABLES/SCOPE OF WORK:
The following scope of services will be performed at Berkeley City College as a part of this contract:

- Accessible Restroom Modifications, including new shelves and resetting of various fixture heights;
- Theater Seating Modifications;
- Casework and Furniture Adjustments to meet ADA clearances; and
- Electronic Door Actuator Adjustments to meet ADA push pressure requirements.

ANTICIPATED COMPLETION DATE:
The term of this contract is 60 days from the date of the Notice to Proceed, and not later than September 30, 2020.

EVALUATION AND RECOMMENDED ACTION:
The Kitchell Project Manager, the Vice Chancellor of General Services, and Chancellor recommend approval of an Agreement for Construction Services (Small Projects) Contract with Mars Construction, Inc., for the Berkeley City College ADA Barrier Removal Project Phase 2, in the Amount Not to Exceed $113,700.00. This approval will ensure compliance with the American with Disabilities Act (ADA) requirements addressed in a legal settlement.

Recommended Action

Approve Purchase Order with NetXperts for Dell Servers for New Center for Liberal Arts Building, in the amount not to exceed $47,301.31.

TO: Peralta Board of Trustees

FROM: Department of General Services

PREPARED BY: Roebbelen CM

BACKGROUND/ANALYSIS:

The New Center of Liberal Arts is a project being constructed to provide a new classroom building at the College of Alameda. Multiple orders are being made by the District to furnish computers and other IT equipment for the building. Through discussions with the Campus and District IT Managers, the DELL Server as described in the attachment was selected to host the network for the new building.

Because this equipment purchase is for less than $95,200, the District was not required to bid this purchase through formal competitive bidding under the Public Contract Code. However, three (3) quotes were procured by the IT team. These were from NetXperts Inc., from Computacenter Fusionstorm Inc., and as a direct order from Dell. The proposal from NetXperts Inc. is the lowest bid.

<td>Computacenter Fusionstorm Inc.</td>
<td>$83,161.77</td>
</tr>
</tbody>
</table>

Because the NetXpers has an existing contract with the District exceeding $50,000 this fiscal year, the Board is asked to approve this new contract. The existing contract is to install network infrastructure at the New Center for Liberal Arts Building.

A history of NetXpers' contracts with the District this year is shown below:

Contact Information
NetXperts Inc.
1777 Botelho Drive, Suite 102
Walnut Creek, CA, 94596
Tel: 925-806-0800
Fax: 925-806-0899

DELIVERABLES/SCOPE OF WORK:

As described in the NetXperts proposal, the scope of work includes providing three (3) Dell PowerEdge R7515 servers with the specified parts and accessories. This agreement includes delivery, the software
and BIOR to run the servers, basic hardware services including basic deployment into the server racks in the building MDF room, and manufacturer warranties.

**ANTICIPATED COMPLETION DATE:**

This PO will be a one-time purchase. The servers are scheduled to be procured and installed in June of 2020 with Campus IT completing programming and integration of the New Center for Liberal Arts' network in July.

**EVALUATION AND RECOMMENDED ACTION:**

The Roebbelen Project Manager, the District's Director of IT, the Vice Chancellor of General Services, College President, and Chancellor, recommend approving this purchase order from NetXperts Inc. in the amount not to exceed $47,301.31.

**7. CONSENT CALENDAR - FACILITIES**

**7.10 Consider Approval of the Ground Lease with the Port of Oakland, to provide additional parking and ancillary facilities for the College of Alameda Aviation Program for a total amount of Sixty-Six 00/100 dollars ($66.00).**

Federal Economic Development Administration Grant

Recommended Action
Approve the Ground Lease with the Port of Oakland, to provide additional parking and ancillary facilities for the College of Alameda Aviation Program for a total amount of Sixty-Six 00/100 dollars ($66.00).

TO: Peralta Board of Trustees

FROM: Department of General Services

PREPARED BY: Vice Chancellor Sata

BACKGROUND/ANALYSIS:

The Port of Oakland has agreed to lease to the District, pursuant to the terms and conditions of the attached Lease, additional property adjacent to the existing College of Alameda (COA) Aviation Center near the Oakland Airport, totaling approximately 0.5 acres. The additional contiguous parcel of land, combined with the existing property, will be used for the development and construction of additional parking and other Facilities to accommodate the Aviation program. The COA Aviation program has been growing as evidenced by the award of $3,000,000 in Federal Economic Development Administration Funds (EDA Funds) to renovate two buildings to house a workforce training facility as part of the COA Aviation Technology Maintenance Training Facility Expansion and Improvement Project (Project No. 07 01 07451). This award was approved by the Board on September 27, 2018.

As the Aviation Program continues to grow, it has been determined that additional parking and ancillary facilities are necessary to serve the program. The term of this Lease shall be for sixty-six (66) years. The District will be solely responsible for all costs associated with designing and constructing the new parking facilities and the installation and repair of related infrastructure. As a result, the Port has agreed to nominal rent in the amount of One Dollar ($1.00) annually.

ANTICIPATED COMPLETION DATE:

Assuming Board approval on May 12, 2020, and execution of the contract by the Port of Oakland not later than May 30, 2020, the terms state that the lease begins in the month following execution, likely June 2020. Therefore, projected end of lease is June 30, 2086.

EVALUATION AND RECOMMENDED ACTION:

The Vice Chancellor of General Services, the College President, and the Chancellor recommend approval of a ground lease with the Port of Oakland, in order to provide additional contiguous land for parking and ancillary facilities for the College of Alameda Aviation Program, for a total amount of Sixty-Six 00/100 dollars ($66.00).

All Board approved contracts are subject to final negotiation and execution by the Chancellor.

7. CONSENT CALENDAR - FACILITIES

7.11 Consider Professional Services Agreement with Allana Buick & Bers for the Laney Podium Waterproofing Replacement Phase 3 Project in an Amount Not-to-Exceed $265,160.00. Presenter: Vice Chancellor Sata

Meeting

May 12, 2020 - REGULAR MEETING OF THE BOARD OF TRUSTEES

Access

Public

Type
TO: Peralta Board of Trustees
FROM: Department of General Services
PREPARED BY: Swinerton CM

BACKGROUND/ANALYSIS:

In late 2013, the Peralta Community College District experienced extensive water intrusion and numerous complaints from faculty and students at Laney College Campus. At such time the District retained the services of Gale Associates to investigate the leaks and provide design documents to address the leaks. Such work was performed in 2014 by Valentine Corporation. Since then the initial repairs did not address the leaks, they continued, and as a result, substantial rework had to be performed.

The District engaged the engineering services of Allana Buick & Bers (ABB) to investigate the leaks and prepare remedial design documents. After its initial investigations it was decided to proceed with the overall scope of work in three phases. ABB prepared the design for phases 1 and 2 in 2017 and 2018 respectively. Construction of both phases were performed pursuant to the ABB designs, and the work was completed in 2018 and 2019, respectively.

The scope of work for phase 1 included repair work at various locations below southern courtyard B. The construction cost was approximately $998,000. The scope of work for phase 2 included completing repairs at center courtyard A; center, east, and west courtyards F; and center courtyard G. The construction cost was approximately $3,140,000. The scope of work for phase 3 will entail repairs at courtyard A east, courtyard E south, various walkways throughout the campus, and miscellaneous leak repairs throughout the campus specifically at the Tower 9th floor, Student Center basement level and 4th floor, men’s and women’s restrooms in the breezeway below Tower Building, Fitness Center, Building A west, Building B north, and Building C. The construction cost is estimated to be approximately $2,900,000.
As ABB is qualified and the District previously retained and approved ABB to provide design professional services for phases 1 and 2, it is prudent and more economical to request the continued services of ABB to prepare the remedial design repairs for phase 3 as well. ABB’s prior experience, familiarity with the campus, and qualifications are more than adequate to prepare the design necessary to remedy the remaining leaks at Laney. If the District were to proceed with a new qualification and procurement process to perform the remedial design for phase 3, it would require additional forensic investigation by another consultant, who is not as familiar with the campus, and result in economic waste and unnecessary delay that would be at the detriment to Laney and the District as a whole.

Contact Information for Allana Buick & Bers:
Eugene Buick
990 Commercial Street
Palo Alto, CA 94303
650-543-5648
www.abbae.com

The company has been in the waterproofing / architectural engineering business providing forensic investigation and design services for remedial and new construction. The firm was established in 1987. Eugene Buick is one of the Principals, and has been involved with the forensic investigation of the leaks, and has also been actively involved in the remedial design and repairs for phases 1 and 2.

DELIVERABLES/SCOPE OF WORK:
For the full scope of Services for the Laney Podium Waterproofing Replacement Phase 3, see attached proposal and contract.

Construction Document Phase Services, including:
Courtyard & Walkways. This proposal includes the following areas: Courtyard A East (A2), walkway G3 (between Theater and CY G North, walkway D1 (between Bldg D and CY E North), courtyard E South, small walkway G2 near Courtyard G South, walkway B/C2 (between Bldg C and Gym).
- Prepare construction documents for the continued replacement of the podium waterproofing.
- Perform site visit to confirm extent of work and review visible field conditions.
- Prepare technical specification sections
- Submit construction details and specifications for Client Review, assume 3 meetings to review site conditions, confirm scope and extent of work, and review the design documents.
  (approximately 75% and final CDs)
- Assist with Preparation bid form with options, alternates, unit pricing, and allowances.
- Provide rough order of magnitude pricing

Miscellaneous Leak Repair. This proposal includes the following areas: 9th Floor Tower leaks, Student center leaks, Tower leaks at restroom breezeway, Building A skylight, Building B electrical lab, Building C laundry room/ fitness center, and mechanical pipes and roof leaks. In addition to the miscellaneous work at courtyards and walkways, ABBAE is including limited investigation and inclusion of repair scope for miscellaneous leak locations listed above, which were defined by the College during a recent site walk. ABBAE has allocated a time and expense budget for further testing and investigation, and we have also included a budget for miscellaneous design associated with this effort.

DSA Assistance Services – Not Required

Bidding Phase Consulting Services. Attend pre-bid meeting, review bidding RFIs and provide answers as related to the waterproofing and roofing, assist with issuing addenda if needed, assist with the review of the waterproofing bids and provide recommendations, attend meeting with owner and architect to review recommendations.

Construction Administration Services. Review and offer recommendations regarding roofing and podium submittals, attend one pre-construction meeting, assist PCDD in providing answers to Contractor RFIs relating to the repairs. If necessary, we will provide our suggested field directives or recommended supplemental instructions to clarify the intent of the building envelope design. Attend weekly progress meetings for a construction duration of six (6) months. In order to confirm Contractor performance and review installations for compliance with the intended design, ABBAE will conduct periodic visits to the project site. Observations noted during these jobsite visits will be provided to PCDD for review.
Assist PCCD with project punch list and final walkthroughs, including reviewing manufacturer warranties.

**Construction Monitoring and Observation Services.** Provide specialized construction observations/monitoring services for the duration of the project. This service consists of specialized quality assurance on behalf of the owner to observe critical building envelope components during construction, which entails monitoring the project for quality assurance which requires 20 to 40 hours per week of observations during construction.

**ANTICIPATED COMPLETION DATE:**

Work will be completed by December 31, 2021.

**EVALUATION AND RECOMMENDED ACTION:**

The Project Manager, Vice Chancellor of General Services and Chancellor recommend (1) approval of Resolution No. 19/20-55 Declaring the Futility of Proceeding with Requests for Qualifications / Proposals for Design Services for Laney College Phase 3 Water Intrusion Remediation Work, and (2) Approval of Phase 3 Professional Services Agreement with Allana Buick & Bers for the Laney Podium Waterproofing Replacement Phase 3 Project in an Amount Not-to-Exceed $265,160.00.

Budgeted
TO: Peralta Board of Trustees
FROM: Department of General Services
PREPARED BY: Swinerton CM

BACKGROUND/ANALYSIS:

The programming and design phases for the District’s new Library and Learning Resource Center Project at Laney College commenced in 2019, with Noll & Tam (“N & T”) as architects for the project. Since then, N & T has worked closely with the User Group, engineers and District staff to create a building that meets the needs of the users and State Funding requirements. As part of their due diligence, N & T met with the Department of the State Architect (DSA) for a preliminary design review. In this review, DSA interpreted the building code differently than the architect. Instead of utilizing fire-rated glazing and automatic fire sprinkler system for the Atrium, DSA has asked for a different approach. This approach to designing a Smoke Control System exceeds the scope of professional design services included in the original Independent Contractor/Consultant Services Contract dated December 11, 2019 (“Agreement”). Amendment #3 to the Agreement adds the services needed.

In the 2019-20 Fiscal Year, Noll and Tam Architects has been awarded the following contracts and contract amendments with the District:

</tbody>
</table>

DELIVERABLES/SCOPE OF WORK:

1. At the beginning of the Design Development Phase, provide a Basis of Design narrative description of the smoke control system and how it is integrated into the building design.
2. During Design Development, incorporate the building components required to provide a functioning smoke control system.
3. During the preparation of Construction Documents, include all specifications and drawings required to construct the smoke control system.

4. During Construction, monitor and enforce the Contractor’s compliance with the smoke control system construction as shown on contract documents,

5. During Commissioning, work with the Commissioning Agent to ensure that the performance of smoke control system satisfies all Fire-Life-Safety requirements.

ANTICIPATED COMPLETION DATE:

The work will be completed during the conclusion of the building construction, as Commissioning of the mechanical components of the building, including the Smoke Control System, occurs as one of the last processes during construction. Project completion is expected to occur in the second quarter of 2023.

EVALUATION AND RECOMMENDED ACTION:

The Swinerton Project Manager, the Vice Chancellor of DGS and the Chancellor recommend approval of Amendment #3 for Noll & Tam Architects, for additional work needed to provide Smoke Control System design services for the New Laney Library and Learning Resource Center Project, in the amount of $54,746.00.

All matters listed under the Consent Calendar are considered by the Board of Trustees to be routine or sufficiently supported by back-up information as to not require additional discussion. PREPARED BY: Kitchell CM

BACKGROUND/ANALYSIS:

While inspecting the pool heater and other related equipment housed in the mechanical pit adjacent to the Laney Pool, existing electrical outlets, wiring and junction boxes were identified as safety issues that required replacement. The Kitchell Project Manager contacted Pacific Power & Systems, Inc. (PPS), a licensed design-build electrical contractor, asking their team to assess the unsafe electrical items and to provide a proposal for mitigation work.

PPS is the General Contractor and has been serving northern California since 1999 in electrical services, including design-build, emergency communication systems and power, and fire and security protection systems. PPS is the electrical company that resolved the electrical safety issues in the Laney College Welding Lab, the Tower, and the Art Center.

Contact Information for Pacific Power & Systems, Inc. is as follows:
Attn: Michael Messer
4970 Peabody Rd
Fairfield, CA 94533
Website: rbigroup.net

Approval of an Amendment No. 1 to Agreement with Interior Motions increasing the scope of exterior furniture to be procured for the College of Alameda New Center for Liberal Arts project.

TO: Peralta Board of Trustees

FROM: Department of General Services

PREPARED BY: Roebbelen CM

BACKGROUND/ANALYSIS:

The New Center of Liberal Arts is a project being constructed to provide a new classroom building at the College of Alameda. Interior Motions has been contracted for the programming, space planning, procurement, delivery, and installation of furniture services and products at the New Center for Liberal Arts. The Original Agreement with Interior Motions was approved by the District on September 10, 2019, as an exception from a cooperative purchasing arrangement among public agencies jointly exercising common powers, including the power to contract, in accordance with Section 6500, et seq., of the Government Code (the "JPA Act").

Under the JPA Act, the District is authorized to use contracts made available through the US Communities Purchasing Alliance ("US Communities"), without further competitive bidding. The District previously joined US Communities in order to reduce its costs of procurement by utilizing the competitively bid contracts made available through US Communities. The District is a participating public agency in US Communities, memorialized and effectuated through a Master Intergovernmental Cooperative Purchasing Agreement ("MICPA") among several public agencies, including the County of Fairfax, Virginia.

Interior Motions, a reseller and agent of Herman Miller furniture, has made available its agreement with the County of Fairfax, Virginia, for the purchase of office furniture and related services and solutions through US Communities Contract No. 4400003403.

Subsequent to entry into the Original Agreement, the District received additional input from students, faculty, and staff at the College of Alameda related to the selection of furniture and classroom layout. Amendment No. 1 is being requested to allow for the full scope of exterior furniture to be procured as designed by Interior Motions and supported by the faculty that make up the user group. The increased cost as a result of the additional outdoor furniture is $137,843.34. See the table below for a history of this Agreement, including approval dates and changes in approved contract amount.

Contact Information
Interior Motions
4701 Doyle Street, Suite 14
Emeryville, CA 94608

DELIVERABLES/SCOPE OF WORK:

Amendment No. 1 increases the scope of design consulting services, programming, space planning, procurement, delivery and installation of furniture services and products at the New Center for Liberal
Arts (NCLA) at the College of Alameda. Additional exterior furniture to be procured under Amendment No. 1 is described in the exhibit to Amendment No. 1, in the cost proposal from Interior Motions, and available to the Board for review.

**ANTICIPATED COMPLETION DATE:**

The Contract for Interior Motions expires on December 31, 2020. All interior furniture is scheduled to be installed by July 24, 2020. The exterior furnishings will not be delivered and installed until September 2020, due to current production delays caused by the COVID-19 challenges. This delay is not expected to impact the overall functionality of the project, as the interior usability of the New Center for Liberal Arts will remain on schedule for an opening in August 2020.

**EVALUATION AND RECOMMENDED ACTION:**

The Roebbelen Project Manager, Vice Chancellor of General Services, College President, and Chancellor recommend approving Amendment No. 1 to the District’s Original Agreement with Interior Motions to increase the purchase price by $137,843.34, with a total not-to-exceed purchase price under the Agreement, as amended, of $2,091,059.96.

Recommended Action

Approve Futility Resolution and Change Order No. 3 to Agreement for Construction Services with Professional Glass Installations, Inc. for the Laney College Window Repairs (Bid No. 18-19/28) in an Amount Not-to-Exceed $6,494.38 and approve a time extension of 62 days.

TO: Peralta Board of Trustees

FROM: Department of General Services

PREPARED BY: Swinerton CM

BACKGROUND/ANALYSIS: (Please discuss this item. If a Vendor is involved, please include the company name as well as the individual.)

Professional Glass Installations, Inc. was approved to replace twenty-nine broken glass window panes of various sizes and thicknesses throughout Laney College for the Amount Not-to-Exceed $20,574.66 at the Board of Trustees meeting on July 23, 2019. A formal bid (Bid No. 18-19/28) was conducted for this project in compliance with Public Contract Code Section 20651 with a bid opening that was held on July 9, 2019. A total of three vendors bid on the project, but one bid was nonresponsive, and as a result was rejected by the administration in accordance with Board Policy, and Professional Glass Installations, Inc., was selected as the lowest responsible and responsive bidder. Following award of the contract, Professional Glass Installations, Inc. commenced work on the project.

Subsequent to the executed Agreement, twelve (12) additional glass window panes were discovered to have been broken and/or inadvertently not included in the original proposal. Fire rated glass and glazing gaskets were also required to be replaced and were included with the 12 glass windows under Change Order No. 1. Subsequent to the approval of Change Order No. 1, three (3) additional windows were discovered to have been broken necessitating Change Order No. 2. Each of Change Order No. 1 and Change Order No. 2 constituted a cost that aggregated, together with the other costs of the work previously approved, to a percentage above the 10% re-bid threshold. In addition, the cost of work to be performed under Change Order No. 2 was low ($956.37) and it would have been impractical to bid a project during construction for such a low amount. As with Change Order No. 1, it would also have been impractical to bid the additional work under Change Order No. 2, given the Contractor’s familiarity with the project site, the needs of the site, and the circumstances which gave rise to Change Order No. 2.

A case law exception to bidding exists in such a situation. Notwithstanding Public Contract Code section 20111, California law provides that, “Where competitive proposals work an incongruity and are unavailing as affecting the final result or where they do not produce any advantage … the statute requiring competitive bidding does not apply.” (Hiller v. City of Los Angeles (1961) 197 Cal.App.2d 685, 694.) Accordingly, public entities need not comply with competitive bidding processes where to do so would be impractical or futile and would not serve the purposes of competitive bidding. (See Los Angeles Dredging Company v. City of Long Beach (1930) 2 Cal. 348; Graydon v. Pasadena Redevelopment Agency (1980) 104 Cal.App.3d 631.) Accordingly, the Board approved Change Orders No. 1 and No. 2 by adoption of resolutions declaring the futility of public bidding.

Subsequent to the approval of Change Order No. 2, four (4) additional windows and one (1) full length mirror have been discovered to be broken necessitating an additional scope of work. With Change Order No. 3 the cumulative percentage increase is approximately 91.68%. For the same reasons noted above for Change Orders No. 1 and No. 2, it would be impractical or futile to rebid the work. The scope of services set forth in Change Order No. 3 is supported by documentation submitted by the Contractor, and the amounts contained in Change Order No. 3 have been reviewed by District staff and the Project Manager and were determined to be reasonable. This is anticipated to be the last change order for the glass replacement project.

For clarity, the proposed Change Order No. 3 is listed below with accompanying Board approval dates, approved amounts, and any time extensions. A time extension of 62 days is contemplated under Change Order No. 3 due to the lead time receiving the Student Center glass and time lost due to the Coronavirus (as shown in Change Order No. 3).

Contact Information for Professional Glass Installations, Inc.:
409 38th Street
Suite 108
Oakland, CA 94609
(510) 253-9017

DELIVERABLES/SCOPE OF WORK:
Items noted in Change Order No. 3 include:

1. Replacing broken window glass at room A154 (10th street side).
2. Replacing broken window glass at room A201 of Financial Department in Building A.
3. Replacing broken window glass at room B100 of Cosmetology.
4. Replacing window glass at Fitness Center along interior courtyard.
5. Replacing full height mirror within Fitness Center.
6. Specifying replacement window glass at IT space on 2nd Floor of Student Center with "Opaci-Coat" and tempered glass. The coating and tempered glass will protect occupants if the overhead glass should break, and the coating also has heat reflective properties to mitigate heat gain in the room. This is a safety-based revision to the original contract.

ANTICIPATED COMPLETION DATE:
Work will be completed by June 1, 2020, which includes the 62-day time extension requested under Change Order No. 3.

EVALUATION AND RECOMMENDED ACTION:
The Project Manager, Vice Chancellor of General Services and Chancellor recommend approval of a Futility Resolution, Approval of Change Order No. 3 to Agreement for Construction Services with Professional Glass Installations, Inc. for the Laney College Window Repairs (Bid No. 18-19/28) in an Amount Not-to-Exceed $6,494.38 and Approval of a time extension of 62 days.

All matters listed under the Consent Calendar are considered by the Board of Trustees to be routine or sufficiently supported by back-up information as to not require additional discussion. Consent Calendar items will be enacted by one motion. There will be no separate discussion on these items prior to the time the Board votes on them, unless a Board member requests that a specific item be removed from the Consent Calendar for action and a separate vote. Public comment on Consent Calendar items from anyone completing a card will be heard prior to the Board's vote on the Consent Calendar. All Board approved contracts are subject to final negotiation and execution by the Chancellor.

Approve Independent Consultant Agreement for Professional Architectural Services with Studio T-SQ., Inc. for the Laney College Elevators Modernization Project, in the amount not to exceed $68,300.

TO: Peralta Board of Trustees

FROM: Department of General Services

PREPARED BY: Dr. Leigh Sata, Interim Vice Chancellor

BACKGROUND/ANALYSIS:

The project began in the Summer of 2016 to modernize three elevators including equipment replacement and upgrades located in the Administration Tower and Building E Classroom Complex of Laney College. The construction contract was awarded to Thyssenkrupp Elevator. The drawings were submitted to DSA for review and approval, but the initial DSA plan check comments included a request for original structural drawings of the administration tower and additional structural engineering. The District failed to perform, and the permit application expired prior to fulfilling the requirements of DSA. The intent of this contract is to hire a qualified architect to answer the questioned posed by DSA and to complete the project.

The work includes the modernization of two geared traction passenger elevators and one hydraulic passenger elevator utilizing hoistway, and the removal and disposal of all un-useable equipment.

Consistent with Government Code Sections 4525 et seq., the District conducted a competitive procurement process by issuing a Request for Proposal (RFP) to three local firms that have demonstrated experience with projects similar in size and scope. A proposal summary is included in the matrix below.

<table>

</tbody>
</table>

The project scope of work was confirmed with each proposer.

Studio T-SQ., Inc. is recommended as the best value based on their experience, proposal, scope of services, and fee. Studio T-SQ., Inc. is full-service architecture, urban design, and planning firm based in Oakland, California.

Contact Information:
1970 Broadway #500
Oakland, CA 94612
Telephone (510) 451-2850
DELIVERABLES/SCOPE OF WORK:

- Provide architectural services for modernization of three (3) elevators.
- Re-open existing DSA application and extend timeline.
- Obtain DSA approval of construction documents.
- Provide structural engineering, mechanical engineering, and life and safety design.
- Provide construction administration services during construction.
- Attend bi-weekly meetings with District Representative and Contractor.
- Provide closeout services at project completion including DSA closeout.

ANTICIPATED COMPLETION DATE:

Laney College Elevators Modernization Project anticipated completion date is July 17, 2021.

EVALUATION AND RECOMMENDED ACTION:

The Kitchell Project Manager, the Vice Chancellor of General Services, Vice Chancellor of Finance and Administration and Chancellor recommend approval of the Independent Consultant Agreement for Professional Architectural Services with Studio T-SQ., Inc. for the Laney College Elevators Modernization Project, in the amount not to exceed $68,300.

Consider approval to enter into an agreement with CLA (CliftonLarsonAllen, LLP) for independent auditing services for FY 2020 through 2023. Presenter: Vice Chancellor Walter

TO: Peralta Board of Trustees

FROM: Dr. Carla Walter, Vice Chancellor for Finance & Administration

PREPARED BY: Richard Ferreira, Executive Assistant

BACKGROUND/ANALYSIS:

Education Code section 84040, Title 5, section 59102, and the Office of Management and Budget (OMB) Circular A-133 requires that the District conduct an annual audit and that the Board of Trustees review the audit at a public meeting. The District is selecting independent audit services for the annual District audit, Measure B Financial and Performance audit, Measure G Financial and Performance Audit, Measure B Parcel
Tax audit, and Measure E Parcel Tax audit for the fiscal years ending June 30, 2020 through June 30, 2023, with the option to renew through June 30, 2025.

The District issued communications to prospective public accounting and auditing firms to respond to the Request for Proposal (RFP 19/20-09). Following standard procurement and bidding procedures, the RFP was released on February 20, 2020, and the bid closed on March 10, 2020. Two (2) firms responded with a proposal. The two (2) firms were CWDL, Certified Public Accountants and CLA (CliftonLarsonAllen, LLP). Each firm was invited to interview and references were requested from each firm. CLA was responsive while CWDL was not responsive for the request for interview and did not provide references. CLA participated in an interview with a panel of PCCD administrators and with favorable reviews of CLA’s services. Reference checks were completed, and they were also favorable of the experience and expertise CLA would bring to PCCD.

As such, the recommendation is to select CLA (CliftonLarsonAllen, LLP) for the independent external auditor.

Request Board authorization to approve a request from Mia Kelly, a full-time instructor at Merritt College, to participate in the RWP in accordance with CA Education Code Section 87483 and Article 27 of the Collective Bargaining Agreement between the District and the Peralta Federation of Teachers (PFT).

TO: Peralta Board of Trustees
FROM: Chanelle Whittaker
PREPARED BY: Socorro Taylor

BACKGROUND/ANALYSIS: (Please discuss this item. If a Vendor is Involved, please include the company name as well as the individual.)

The Office of Human Resources and Employee Relations reviewed the request from Ms. Kelly to participate in the RWP and determined that Ms. Kelly meets the qualifications pursuant to Education Code Section 87483 as follows:

- Ms. Kelly is at least 55 years old.
- She has been a full-time instructor for over 15 years.
- She has been employed on a full-time basis in an academic position for at least five years, with no break in service.

Ms. Kelly’s request for a reduced workload at 50% shall become effective in the Fall 2020 semester and 50% in the Spring 2020 semester. This request for approval of the RWP Agreement is in accordance with Article 27, Paragraph C.1 of the Collective Bargaining Agreement, which directs qualified employees to “initiate this procedure by formal written request to the Board of Trustees delivered to the College President.”

TO: Peralta Board of Trustees

PREPARED BY: Dr. Regina Stanback Stroud, Chancellor

Background/Analysis:
The COVID-19 virus outbreak originated in Wuhan, China and has spread worldwide. The response to the pandemic has included increased incidents of harassment and bias against people of Asian descent. Inflammatory language and irresponsible references to the virus as the “Chinese-virus” by national leaders have caused students and community members of the Peralta Community College District to experience micro-aggressions and explicit acts of marginalization.

The resolution herein denounces xenophobia and anti-Asian sentiment arising due to fears of the COVID-19 pandemic and affirms PCCD’s commitment to the well-being and safety of Asian American communities.

BACKGROUND/ANALYSIS:
Community College Districts have the authority to levy special taxes upon approval by two-thirds of the votes cast on the special tax proposals pursuant to the provisions of Article XIII A, Section 4 and Article XIII C, section 2 of the California Constitution and Sections 50075-50077, 50079.1, and 53722 of the California Government Code. The District’s Governing Board placed on the November 6, 2018 election ballot a special tax to maintain and enhance quality education for the students of the Peralta Community College District; and, the District’s Governing Board submitted Measure E – Parcel tax, a special tax which was approved by 82.46% of the electorate. The Peralta Community College District Governing Board does hereby establish a fund in the County Treasury of Alameda County to be known as the Peralta Measure E – Parcel Tax Fund, for the purpose of recording revenues, expenditures, and other financial transactions directly related to this special tax.

Recommended Action

Adoption of Resolution No. 19/20-53 Authorizing Election Under Public Contract Code (Section 22030) to become Subject to Uniform Public Construction Cost Accounting Procedures.

TO: Peralta Board of Trustees

FROM: Dr. Regina Stanback Stroud, Chancellor

PREPARED BY: Dr. Carla Walter, Vice Chancellor for Finance & Administration

BACKGROUND/ANALYSIS:

The California Uniform Public Construction Cost Accounting Act (CUPCCA) (Chapter 2, Sections 22000-22045), enacted in 1983, is a voluntary program available to public who opt in to the provisions set forth by the act.

Public agencies that do not opt into CUPCCA must engage in the formal bidding process as outlined in the Public Contract Code Section 20111 for contracts that exceed $15,000. Participation in CUPCCA allows for public projects in the amount of $200,000 or less to use an informal or formal bidding procedure as set forth in Section 22032(b) or (c) of the Act. Public projects that exceed $200,000 must use the formal bidding procedure.

The benefits of the program are: (1) simplified bidding for projects less than $200,000; (2) reduced formal bids based on project size; and (3) expedited contracts under $200,000. Additionally, agencies can experience expedited project delivery, reduced time, effort and expense associated with bidding, the ability to focus contracting opportunities to small local business enterprise (SLBE) and small emerging local business enterprise programs (SELBE).

Section 22030 provides that any agency that wishes to avail itself of the alternative procedures for bidding and contracting for public projects must elect, by resolution, to become subject to the uniform construction cost accounting procedures set forth in the Public Contract Code and must notify the State Controller of its election. Section 22034 further requires each public agency that elects to become subject to the uniform construction cost accounting procedures enact informal bidding procedures that comply with the requirements set forth in said Section 22034.

With a focus on encouraging local and diverse vendor participation, and with significant local bond and scheduled maintenance ancillary projects on the horizon, the flexibility and outreach opportunities provided by CUPCCAA will be invaluable. PCCD participation in CUPCCA can help grow businesses and create jobs, expand contracting opportunities for public work projects, create positive perception to the tax payers by providing more public project contracts to small local businesses and small emerging local
businesses and support positive community relations. Currently, 63 community college districts (55% of CCC’s) participate in CUPCCA.

**DELIVERABLES/SCOPE OF WORK:**

N/A

**PLAN:**

The adoption of Resolution 19/20-53 will provide the necessary authorization for the District to notify the State Controller’s office of the District’s intent to participate and to enact an informal bidding ordinance to govern the selection of contractors to perform public contracts.

**ANTICIPATED COMPLETION DATE:**

Ratification of a contract with Ray and Associates Cleaning System for deep cleaning at all District sites in an amount not to exceed $700,115.40.

TO: Peralta Board of Trustees

FROM: Department of General Services

PREPARED BY: Vice Chancellor Sata

BACKGROUND/ANALYSIS:

On March 24, 2020, the Chancellor approved a deep cleaning project for each of the District’s sites. The procurement was provided under the terms of the Board’s delegation of authority, approved on March 17, 2020. The delegation item read as follows:

In December 2019, an outbreak of respiratory illness due to a novel coronavirus (a disease now known as COVID-19) was identified and has impacted more than 75 countries including the United States. As of March 11, 2020, there were more than 1,000 confirmed cases of COVID-19 in the United States, including 178 in California. Officials expect the number of cases in California, the United States, and worldwide to increase. On March 4, 2020, Governor Gavin Newsom declared a State of Emergency to enable state and local agencies to more effectively respond to the threat of COVID-19. Additionally, on February 14, 2020, the Alameda County Board of Supervisors (Board of Supervisors) declared a local health emergency in response to COVID-19; and on March 10, 2020, the Board of Supervisors voted unanimously to continue the local health emergency.

In light of this emergency, the Board was asked to take action to:

1. Authorize the Chancellor and/or her designee(s) to take any and all actions necessary to ensure the continuation of education, and the health and safety of the students and staff at the District campuses and facilities, including, but not limited to: the relocation of students and staff, provision of alternative educational program options such as online delivery of educational services, provision of leave of absence to employees due to quarantine or recently returning from level 3 countries or sick from COVID-19 or illnesses with similar symptoms (e.g., cough, fever, shortness of breath), or co-habitants of any individuals, directing staff to serve as disaster service workers, and/or make alterations, repairs or improvements to District property.

2. Adopt a Resolution declaring emergency conditions existed throughout the District campuses and facilities as a result of the threat of COVID-19 virus.

3. Authorize, by unanimous vote, under the provisions of section 20654 of the California Public Contract Code, that the Chancellor and/or her designee(s) had the authority to:
   a. Enter into any and all contracts necessary, without advertising or inviting bids, and for any dollar amount necessary to respond to the emergency conditions at the District Sites, including, but not limited to: the relocation of students and staff; continued instruction of students; maintenance of supplies, instructional materials, operational support supplies, equipment in support of virtual learning, and provision of additional personnel; and
   b. Have the flexibility with use of District faculty and staff, notwithstanding section 20655 of the California Public Contract Code, to enable and support the District campuses and facilities; and
   c. The Chancellor and/or her designee(s) to obtain permission for any of the above from the county superintendent of schools to the extent required by section 20654 of the California Public Contract Code.

District staff reached out to two companies for a proposal. Ray and Associates Cleaning System responded in a timely manner and was selected. The base proposal amount was $583,429.50, which included a $35,000 contingency. An additional 20% owner-controlled contingency was added to the contract to account for
unforeseen conditions, bringing the total contract value to $700,115.40. This firm has provided cleaning services for the District previously.

**DELIVERABLES/SCOPE OF WORK:**
Ray and Associates Cleaning System will provide deep cleaning services to all District sites, including high dusting up to eight feet on all walls with a Lysol product and sanitizing of all high-touch areas with a hospital-grade cleaning product (Oxy-cide from Ecolab). High touch areas included doorknobs, doorframes, computer keyboard and mouse, tables, chairs, handles, rails, window sills, bathrooms, and water fountains. Bleach waw used to disinfect resilient floors with a 90% active Clorox product, including mop, floor stripping (if applicable) and wax. Carpets received a vacuum and shampoo.

Ray and Associates Cleaning System  
Raymond Oiyemhonlan, Operations Manager  
5013 Chaparral Ct.  
Antioch, CA 94531

**ANTICIPATED COMPLETION DATE:**
The contract is dated March 24, 2020. Work commenced and was to be completed on or before April 29, 2020. The work was completed on time. The total invoice billed is $548,429.50. Five percent ($27,421.48) has been set aside as retainage and the District is prepared to sign off on the project as complete.

**EVALUATION AND RECOMMENDED ACTION:**
The Vice Chancellor of General Services and the Chancellor recommend ratification of a contract with Ray and Associates Cleaning System for deep cleaning at all District sites in an amount not to exceed $700,115.40.

General Fund - $2,440,271.00 and Measure G - $3,899,331.95 - Total $6,339,602.95

Recommended Action

Approve the Oracle Cloud Services Agreement in the amount of $6,339,602.95.

TO: Peralta Board of Trustees

FROM: Dr. Regina Stanback Stroud, Chancellor

PREPARED BY: Chief of Staff Delisle Warden

BACKGROUND/ANALYSIS:

The Peralta Community College District Information Technology Division has finalized the upgrade plans for the PeopleSoft Enterprise Application. At present, Information Technology has completed its fifth and final stages of contract negotiation for better terms and pricing for the Peralta Community College District.

This plan not only upgrades to a Cloud platform but implements modules that address many of the challenges depicted in the Financial Crisis Management Assistance Team, Collaborative Brain Trust and Accrediting Commission for Community and Junior Colleges reports. It also removes some unnecessary expenditures incurred by the district due to additional extended support with Oracle Cooperation.

DELIVERABLES/SCOPE OF WORK:

The project will be completed in two phases.

Phase I at a cost of $1,437,631.95 will consist of:

- Migration to Oracle Database from Microsoft Sequel
- Migration to Oracle Cloud Infrastructure
- Max Availability Disaster Recovery Option
- Addition of Oracle Managed Services and Oracle Functional Services
- Enterprise Level Hardened Security and Access Management
- Deliver a supported and maintained, stable platform upon which future implementation projects can occur

Phase II at a cost of $2,461,700.00 will consist of:

- PeopleSoft Campus Solutions (Student Portal) - upgrade to current version
- PeopleSoft Human Resources System (HR, Benefits, Payroll) - upgrade to current version
- PeopleSoft Financial System - upgrade to current point release, application update, security update

The ongoing operating expenses (licenses) for the next five years at a cost of $2,440,271.

- This amount is typically approved annually.
- The district is able to realize a savings of $1,826,447.00 by approving the 5-year operating expense as a part of the agreement.

The total cost of Phase I, Phase II and Operating Expenses is $6,339,602.95

ANTICIPATED COMPLETION DATE:

June 2021
EVALUATION AND RECOMMENDED ACTION:

The Interim General Counsel/Chief of Staff and the Chancellor recommend approval of the Oracle Cloud Services Agreement and ordering documents.
