

# Pediatric Oral Syringes Repackaged by Safecor Health

When it comes to pediatric care, you can't afford to compromise. That's why so many of the nation's leading children's hospitals trust Safecor Health for their standardized-dose, unit-dose oral syringe needs. As an FDA-registered, DEA-licensed and cGMP compliant facility, Safecor Health follows the strictest requirements to ensure quality, safety and regulatory compliance.

**Below is a list of the most common pediatric oral syringe items repackaged by Safecor Health.**

Hospitals can specify the dose and then rest easy knowing their drugs are being packaged following Safecor Health's quality packaging process that ensures each product is correctly and accurately packaged, labeled and bar-coded. Standard oral syringes and ENFit compatible syringes are available.
