

Tandem t:slim X2 Control-IQ™ Software Upgrade Order Form

➤ For patients to upgrade to Control-IQ, this form needs to be completed and signed by their Diabetes Health Care Professional and sent to NZMS Diabetes.

Date of order: _____

Patient Details

First Name: _____ Surname: _____

Date of Birth: _____ NHI: _____

Contact Phone Number: _____ Contact Email: _____

Address: _____

Pump Serial Number (if available): _____

Health Care Provider Details

First Name: _____ Surname: _____

Position: _____ DHB/Clinic: _____

Contact Phone Number: _____ Contact Email: _____

By signing this form, I acknowledge the following:

- I have discussed the suitability of Control-IQ technology for diabetes management factoring in their TDI, weight and diabetes management habits.
- I have explained that Control-IQ technology does not eliminate the need for active diabetes management.
- I have reviewed their pump settings including basal rates, ISF and ICR and optimised these.
- I have completed the HCP training requirements for Control-IQ technology.
- I have explained that the upgrade is not reversible, and the patient will not be able to revert back to Basal-IQ.
