

Improving Human Performance.

Helping Corporations Scale Sustainable, Repeatable Experiential Training Programs

virtu platform

Virti uses VR, AR, artificial intelligence and game design to help employees learn faster and remember training for longer.

Interactive Video

Our cloud-based video platform enables you to store and manage interactive 2D and VR training videos for your organisation.

AI Powered Virtual Humans

Drive behaviour change in your organisation with AI-powered virtual humans to train soft-skills.

Feedback

Our feedback suite allows for real-time employee and customer feedback to be collected & analysed from within the platform.

ONBOARDING

Get your employees to value faster and reduce churn

New hires are **69% more likely** to commit to a company with a well-structured **onboarding program**.

Delivering information in bite-sized components prevents new-starters from being overwhelmed. Being online and accessible on any device, Virti provides flexibility and convenience for completion, allowing for repetition, easy-knowledge sharing, and a repository for useful information.

SOFT SKILLS

Coach your employees to bring them to value more efficiently

New employees can **spend less time** completing training when they access it via an **immersive platform**.

With repeatable, on-demand modules, your people can refresh their skills, and choose exactly when, where and how to access your content. Using Virti's digital training platform, your employees can waste less time getting set up, and spend more time engaging with your customers, and closing those deals.

NO-CODE CONTENT CREATION

Use immersive technology and AI to scale face-to-face experiential training **fast**.

1

Create

Use our no-code creation suites to create effective learning content for your people.

2

Scale

Distribute your learning content to learners via our Virti App on demand, accessible at any time, on any device.

3

Analyse

Capture detailed qualitative and quantitative data to track and tailor experiences for the individual.
