

Dietatec

Dietatec's Quality Policy

Dietatec Oy provides food production capacity. We are known for our high-quality products that we work hard to provide. We are committed to continuous quality assurance and improvement.

Dietatec's management and personnel always work by our values – the customer first, a brave forerunner, and the best attitude. Quality assurance is a key part of our production process. It covers our entire production from materials and components to finalised end products. Quality cannot be produced without the input of our highly skilled personnel. We maintain the required skill level by providing training and focusing on continuity.

We operate according to legislation and regulations. We consider the requirements and requests of our stakeholders. Customer satisfaction is the cornerstone of our quality development and measures aiming for continuous improvement. We keep an eye on all feedback we receive and ensure that our customers are satisfied – all the way to the end users of our products. We ensure that our quality criteria and objectives are met. We keep our stakeholders informed of our quality policy and work with them to achieve even better results. We keep the promises we make and expect others to do so as well. Working together is the key to maintaining high quality.

Our quality promise helps produce, maintain and improve Dietatec Oy's high-quality products now and in the future.
