

## ORIGINAL CHAINS

*A Fantastic All-Around Cleaning Chain*

PVC

Standard

Premium

Tornado

Picote Original Chains are designed to make fast work of pipe cleaning whether it is tree roots, scale and calcium build-up, concrete and lead, soft blockages failed gaskets, or pipe imperfections.

Original Chains are a good all-around cleaning option and are often referred to as the starter chain because they are adjustable. This allows you to make minor adjustments to the chain size to compensate for reduced pipe interior for initial cleaning of blocked pipes and then readjust them to their optimal diameter.

## USES AND BENEFITS

The Original chains are available in 4 versions:

- **Standard** – U-shaped carbide teeth that quickly clean the pipe. Great general purpose option.
- **Premium** – Star-shaped carbide teeth that have twice the carbide and surface contact area of the standard version, so they clean faster and last longer since the carbide sees less wear per job.
- **PVC** – foregoes carbide teeth, which makes it less aggressive and able to clean inside more fragile plastic and clay pipes.
- **Tornado** – for use exclusively with the Maxi Power+ and feature special, highly aggressive teeth for descaling, concrete removal, heavy tuberculate and debris in larger diameter pipes.

Original Chain Technical Specifications	
Versions	Standard
	Premium
	PVC
	Tornado
Shaft Sizes	6mm (1/4")
	8mm (1/3")
	10mm
	12mm (1/2")
Pipe Size Range	18mm (3/4")
	DN32-300 (1¼-12")
